Sir,-

½ NW Sec. 3 Tp. 59 Rge. 19 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Ottawa, January 5, 1920.

MEMORANDUM: Mr. Gibbons,
Land Patents Branch.

Referring to your memorandum of the 16th ultimo, hereunder, in which you ask my opinion upon the applications made to the department for the purchase of certain alleged dried up areas on the NW¼ of section 15 and the NE¼ of section 16, township 38, range 10, west of the 4th meridian, I have looked over the correspondence on file, with the following result:

1. E.Gaboury applied in July, 1919, to buy fractional legal subdivision 14 (and presumably fractional legal subdivision 11) 'which adjoins his land to the north.'). From correspondence on the file it would appear that Gaboury owns the SW¼ of the said section 15.

2. L.Jarneau applied in August, 1919, to buy fractional legal subdivision 11 of the said section 15. He claims to own the remainder of the E½ of the NW¼ of the said section; that is to say, legal subdivision 14, and a small fractional of legal subdivision 11. This land has been examined by a Homestead Inspector, who reports it as dry and values it at $3 per acre.

3. J.Belzil applied on 10th November, 1919, to buy the fractional NE¼ of section 16 and the fractional W½ of the NW¼ of section 15, and stated that he owns the dry land portions of both parcels.

I do not think Mr.Gaboury has any claim, by reason of his ownership of the dry land portion of the SW¼ of section 15, to purchase any part of the NW¼ of the same section, while the department has applications pending from the alleged owners of the dry land portions of the NW¼ of section 15, to purchase the formerly submerged portions of the same quarter section. On the other hand, however, if Mr.Gaboury owns the SW¼ of section 15, presumably his patent includes only the dry land portion. A considerable part of the quarter section is shown as covered by the waters of Collins Lake. If the lake has receded, Mr.Gaboury should apply for permission to purchase the remainder of the quarter section not included in his present patent; or, if he

holds the SW¼ of section 15 as a patented homestead, and he is the original patentee, he should apply for supplementary patent.

Mr.Carneau has not submitted proof of his ownership of the fractional ¼ of the NW¼ of section 15, and his claim to purchase the formerly submerged part of this parcel hinges upon his being able to prove ownership of the dry land portion.

Mr.Belsil has not submitted proof of his ownership of the NE¼ nor of the W½ of the NW¼ of section 15. His claim to purchase the formerly submerged portions of both of these parcels depends upon his being able to prove title to the dry land portions.

Although inspections have been called for in all these cases, only one report has been received, viz: a report dated 6th October, 1919, on the fractional E½ of the NW¼ of section 15 (fractional legal subdivision 11). The Homestead Inspector states that the portion formerly under water has completely dried up but he does not say how long it has been dry. According to a recent ruling from the Minister, we should not deal with supposedly dried up areas unless it can be shown that they have been dry for three consecutive years.

I may point out to you that, according to departmental maps, this whole district is dotted with lakes, large and small, and from my own knowledge of local conditions I regard it as improbable that many of these have become permanently dry. Last year was an exceptionally dry year, which may account for the lake being dry at the time of inspection, but this is no indication that it has permanently dried up.

I do not think patent should issue in any of these cases until the Minister's recent instructions have been fully complied with and we can be satisfied that the lake has become permanently dry.

Memorandum;

N.E.¼ of Sec. 16 and N.W.¼ of Sec. 15--58--10, W. 4th M.

Mr. Joseph Belzil, who claims ownership of the patented portion of the N.E.¼ of Section 16 and the W.½ of the N.W.¼ of Section 15, shown on the sketch attached outlined in green, has applied to purchase the formerly submerged portion, shown on the sketch hatched in green.

The Surveyor General states that the said quarter sections above referred to now comprise each 160 acres, and the Homestead Inspector states that the lands applied for by Mr. Belzil are suitable only for pasture and recommends their sale at the rate of $4.00 an acre.

The Reclamation Service offers no objection to the application being considered and I beg to recommend that in accordance with the customary departmental practice Mr. Belzil be permitted to purchase at the said rate of $4.00 an acre upon having filed here evidence of ownership of the said patented portion.

Mr. Lawrence Garneau, who claims ownership of the patented portion of the E.½ of the E.½ of Section 15, shown on the sketch outlined in red, is desirous of purchasing the formerly submerged portion of the said E.½ and I beg to recommend that upon his having filed here evidence of ownership of the said patented portion, he be permitted to purchase the parcel applied for by him at the Homestead Inspector's valuation of $5.00 an acre.

Memorandum.

In your memorandum of the 23rd ultimo you asked whether Chas. Beaurepard is entitled to a second homestead entry, his first having been for River Lot 43, St. Albert settlement.

According to his application for patent the necessary residence duties were completed before the 2nd of June, 1889, and although there is no statement as to what cultivation was done in the years preceding that date, I think it may be assumed that he is entitled to asecond entry.

Respectfully submitted,

I claim this land as a homestead by virtue of occupation and improvement thereof with the consent of the Commission and in lieu of land which I lost upon which I had a claim under squatter's right and which has been the subject of correspondence with the Department of the Interior.

My improvements on this land are as follows:- Frame house 16 x 20 and kitchen addition 12 x 12 worth one thousand dollars; house stable 20 x 20 worth $150 : two log out

Stables 15x18 worth $100 : calf stable 15x18, $2 :
store house, $2 : hide house $2 : no mill.
I have five acres broken this summer.
I own four horses and four head of
cattle.

Memorandum:

Application of Thomas E. Poitras for supplementary patent for that portion of the S.E.¼ 15--58--10, W. 4th M., shown on the plan of survey as covered by water.
Hatched in red on the sketch attached.

Mr. Poitras obtained homestead patent for the balance of the said quarter section in September last and has advised the Department that the portion in question is dry.

Mr. Homestead Inspector Grey in his report hereunder states: "This said quarter has become wholly dry except about one acre which is still under water but, according to indications, it will dry out before long.
This piece of land which was under water some years ago is all hay land now. Therefore it should be worth at least $5.00 an acre."

In this connection I would call your attention to the following extract from a memorandum of the Surveyor General, dated the 18th February last, on File #78215:

"After a surveyor's investigation of a quarter section with regard to water areas, the present practice of the Department is to exempt from disposal only permanent areas of water exceeding five acres in extent."

I beg to recommend that, upon an abstract of title being furnished by Mr. Poitras, showing him to be the registered owner of the portion of the said quarter section for which he obtained patent, the preparation of supplementary letters patent in his favour for the parcel in question will be proceeded with.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

I, James Patrick Brady, of St Paul des Metis in the Province of Alberta, railway make oath and say:

I came to St Paul des Metis to live in the spring of 1906. I was married to Lavinia Lawson, daughter of Lawrence Lawson and Jane Charles, in 1905 and came here with my wife to live in 1906. I rented in the spring of 1906 the house on the East half of the North west quarter of Section three, Township fifty eight, Range nine West of the fourth meridian, from Louis Laviolette the former occupant of this land and commenced to live in it right away. I placed myself in communication with the Trustees of the reserve through Father Simonin who was in charge here at the time, and received the consent of the Trustees to settle. I had been negotiating to purchase the said house and other improvements from the said Laviolette but did not care to pay for the house until I had received the consent required. I received the required consent in the end of 1906. I finally completed the purchase of the improvements in May 1907. I lived on the land two months in 1906 then went to my homestead the South west ¼ of Section 18, Township 58, Range 9 West 4th. I then came to my claim here and

took possession in [illegible] 1908 and have lived there a few days, but by request that the sub land agency be located near the mission I moved from [illegible] permanent residence there and am residing in the reserve near the mission on the property of my father in law on which the sub agency office is located.

I am a whiteman. My claim to settle on the reserve is as the head of a halfbreed family and the consent to settle was given on that ground, the conditions being the same as for any other Halfbreed family. My wife is a halfbreed & have four children, aged ten years, and the other nine months.

My improvements on this land are:- log dwelling house, 14 x 24, worth forty five dollars: log stable 14x16 worth twenty five dollars: chicken house 10 x 12 worth $15.00: piggy $15.00: a well, with $2.00: thirty rods rail fencing worth forty five dollars: I have [illegible] acres of [illegible] [illegible] this summer.

I own forty head of cattle and five horses. Most of them are here. I put up my hay on the reserve. [illegible] and work it myself.

I have completed all the duties on the homestead. I have a patent on it before [illegible].

I have on the claim now for

I beg to acknowledge the receipt of your letter of the 26th ult., and in reply would inform you that you are evidently under a misapprehension in the matter of the entry made by your nephew, Francois Poitras, Jr. on the N.W ¼ of 13-58-10-W.4th M. It would appear from the records of this office that this quarter section is the half breed grant of your nephew while your son Francois Poitras held homestead entry for the S.W.¼ of 14-58-10-W.4th M. It is noted that the entry for the S.W.¼ of 14-58-10-W.4th M. was cancelled by reason of the entrant having been trafficking in the land prior to obtaining patent and he was given 90 days to re-enter for this quarter section on the usual terms or if he so desired he was permitted to take up land elsewhere. It would then appear that instead of re-entering for this quarter section he appeared before the Sub-agent at Saddle Lake and filed on the S.W.¼ of 13-58-10-W.4th M. which is the half breed grant of your nephew Francois Poitras, Jr. It was the entry of your son for the S.W.¼ of 14 which was cancelled and he should have appeared before the Sub-agent and re-entered for this quarter section on the usual terms. The entry for the N.W.¼ of 13 was not disturbed. I am now

10/4/12

Mr. Bannerman held an enquiry into the charge of trafficking by Francois Poitras in connection with his entry for the S.W.¼ 14.

On the 26th ultimo, Elzear Poitras wrote the Agent that the latter had made a mistake, his son having acquired the S.W.¼ 14 as a homestead, and his nephew, Francois Poitras, Jr., son of Francois Poitras, Sr., having filed on the N.W.¼ 13, as a homestead, and that it was the latter who was notified to make re-entry.

The Agent pointed out to Elzear that he was under a misapprehension, the records showing that the N.W.¼ 13 was a half-breed grant of his nephew, while his

T. Pitt[illegible] Dixon, Esq.,
Assistant Deputy Commissioner,
Dominion Lands,

his son held the S.W.¼ 14, the latter parcel being cancelled under the charge of trafficking: that instead of his son re-entering for the S.W.¼ 14, he filed on the N.W.¼ 13, and that the latter entry should be cancelled, and the fee refunded.

The Agent now reports another communication from Elzear, to the effect that it was his nephew who had been trafficking with his grant of the N.W. ¼ 13, he appearing before the Sub-Agent and making re-entry for that land.

The Agent explains that at the time, not knowing there were two men of the same name, he thought that the son had decided to leave the S.W.¼ 14 alone and take the N.W.¼ 13, it not being noticed at the time that the latter was a half-breed grant.

The Agent recommends that the homestead entry of Francois for the S.W.¼ 14 be restored and the fee of $10.00 paid on the N.W.¼ 13, be transferred thereto.

The case seems somewhat confused, but I think the $10.00 fee should be refunded to the nephew when he applies, and the son's homestead entry for the S.W.¼ 14 restored. I do not quite understand Mr. Bannerman taking evidence re the S.W.¼ 14, if the alleged trafficking was done by the half-breed grantee.

Sir,

With reference to the enquiry made by you some time ago in connection with one Francois Poitras and the S. W. ¼ of Section 14, Township 58, Range 10, W. 4th Meridian, who was charged with trafficking in his entry therefor; I enclose herewith a letter written to the Agent of Dominion Lands, at Edmonton, on the 5th ultimo, by Elzear Poitras, the father of Francois Poitras, who held entry for the land in question, and I enclose also a copy of the said Agent's letter dated the 12th idem.

Encl.

According to the records here the Francois Poitras who entered for the S. W. ¼ of 14 on the 10th of April, 1910, was eighteen years of age, and the Francois Poitras, Jr., who secured half-breed grant for the N. W. ¼ of Section 28, Township 59, Range 10, W. 4th Meridian, on the 23rd March, 1909, was a married man and the son of Francois Poitras, Sr.

Sir,

I beg to inform you that no reply appears to have been received from you to the Departmental letter of the 16th of April last, having reference to the entry of Francois Poitras for the South West ¼ of 14--58--10, West of the 4th Meridian.

It appears that you held an investigation at St. Paul de Metis on the 19th of May, 1911, and your letter of the 2nd of June, 1911, #133, forwards a report on the case of Francois Poitras, homesteader on the S.E. quarter of 14. According to the evidence this man admitted that he had agreed to sell his quarter-section.

After consideration it was decided to cancel this entry and allow the homesteader ninety days to reenter. The entry was accordingly cancelled and a notice was issued by the Agent to Francois Poitras, Jr.

It is claimed by Elzear Poitras that some mistake was made about these homesteads. Mr. Elzear Poitras claims that his son, Francois

Poitras

J. A. Harperman, Esq.,
Assistant Inspector of
Dominion Lands Agencies,
Red Deer, Alberta.

J.A.B.

Poitras (S.W. ¼ of 14) never trafficked in his land and was never accused of doing so.

Elzear Poitras claimed that Francois Poitras, Jr., his nephew, who held the N. W. ¼ of 13--58--10, W. 4th M., is the man who had the trouble.

You were asked to look into the matter and clear up the question of identity.

What Mr. Elzear Poitras states is borne out by the fact that Francois Poitras, Jr., aged thirty-five, has now applied for patent for the N. W. quarter of 13, and states that he reentered for this land on the 26th of January last.

The original application for entry by Francois Poitras for the South West quarter of 14, shows that he was eighteen years old when he made entry.

It would appear, from the papers on file here, that some misunderstanding must have arisen when you were taking evidence and that you had before you, for examination, Francois Poitras of the N. W. quarter of 13, instead of Francois Poitras of the South West quarter of 14.

The fact that the former has reentered for the South West quarter of 13 indicates that he admits that he was the party whose entry should have been cancelled.

If this is correct it would appear that the action in relation to the North West ¼ of 17 is correct, except that the first entry should have been cancelled, but on the other hand the

entry

J.A.B.

entry for the South West ¼ of 14 should not have been cancelled and should now be restored.

Will you kindly reply as quickly as possible, as the application for patent for the South West ¼ of 15 is being held until you are heard from.

Your obedient servant,

Assistant Secretary.

MEMORANDUM

Mr. Hume:-

Re. N.W.¼ of 13-58-10 W. 4th M.
and S.W.¼ of 14-58-10 W. 4th M.

There has apparently been some mixup as regards the above land owing to the fact that the homesteader on each quarter bears the same name.

By Order in Council dated 10th March, 1911, J. A. Bannerman, Assistant Inspector of Dominion Land Agencies, was authorized to hold an investigation under oath regarding the homestead duties for certain lands, and among them was the N.W.¼ of 14-58-10 W. 4th M., held by one Francois Poitras.

Mr. Bannerman reported on the 2nd June, 1911, that the duties were being performed alright, but he found that the homesteader had been trafficking in land prior to the issue of patent. The agent was, therefore, instructed to cancel the entry for the North-West ¼ of 14, but in view of the fact that he had apparently acted through ignorance, he was allowed ninety days within which to re-enter for the same land, or by presenting the letter of authority he could re-enter for any other available land.

It would appear from the agent's letter of the 12th March last that one Francois Poitras, Jr. the homesteader of the North-West ¼ of 13, same township, and not 14, as stated in the inspector's report, was the party doing the trafficking in land, and that he, (the entrant on the North-West ¼ of 13) appeared before the sub-agent and made re-entry for this land, but as the agent was not aware at the time that there were two persons by the name of Poitras, he thought the applicant had decided to leave the North-West ¼ of 14 alone and secure entry for the North-West ¼ of 13, it not being noticed that 13 was already the grant of ~~another~~ F. Poitras, Jr.

Inspector Bannerman in explanation as to why he took evidence in connection with the North-West of 14 when it was apparently the entrant for the N.W. of 13 who

who was doing the trafficking states as follows:-

> "I beg to say that I cannot understand how I named the wrong land in the evidence taken by me at the investigation in the month of May, 1911. The proper description of the land should be the N.W.¼ of 13-58-10 W. 4, this land being held by the proper party Francois Poitras."

It would, therefore, appear as if the entry of Francois Poitras for the N.W. of 14 should be restored, and that the original entry of Francois Poitras, Jr. for the N.W. 13 be cancelled, and the date on which he made the second entry, namely, the 26th January, 1912, should stand as the date of his homestead entry, and the applicant be informed accordingly, and also that it will be necessary for him to wait three years from the date above given before he will be entitled to patent.

Ottawa. 14th November, 1912.

Sir:

Re N.W.¼ of 13,
and S.W.¼ of 14-58-10 W. 4th M.

Referring to your letter of the 12th March last, reference 167451-181789, in connection with the misunderstanding in the matter of the cancellation of and granting re-entry for the above described land, I am now to inform you that the Department is in receipt of a letter from J. A. Hanneman, Assistant Inspector of Dominion Lands Agencies, in which he states that he cannot understand how he named the wrong land in the evidence taken by him at the investigation in May, 1911, and a proper description of the land should be the North-West ¼ of Section 13-58-10 W. 4th M. and not the South-West ¼ of Section 14, as stated in the evidence.

It would therefore appear that Francois Poitras, Jr., who holds entry for the N.W.¼ of 13-58-10 W. 4th, was the one doing the trafficking, and I am now to instruct you to restore the entry of Francois Poitras for the S.W.¼ of 14-58-10 W. 4 free of charge, and also to cancel the first entry of Francois

Francois Lottres, Jr., for the N.W.¼ of 13, etc., and allow the date on which he made re-entry, namely, the 26th January, 1912, to stand as the date of his homestead entry. The entry fee paid in this connection would be retained as a second homestead entry fee.

You should also communicate with Francois Lottres, Jr., and notify him that as his entry for the N.W.¼ of 13 has been cancelled on the grounds of his trafficking in Dominion lands, and as he was only granted re-entry on the 26th January, 1912, it will be necessary for him to wait three years from the date of re-entry before he is entitled to patent for his homestead.

I am in receipt of your letter of the 17th ultimo, in which you enquire about your application for patent for the North West ¼ of Section 13, Township 58, Range 10 West of the 4th Meridian, and in reply am to inform you that as it was proven that you have been trafficking in Dominion lands your entry for this land was cancelled and re-entry was granted on the 19th of January last, and it will therefore be necessary for you to wait three years from the date when re-entry was granted before you will be in a position to obtain patent for your homestead.

Dear Sir

I beg to refer you to your letter dated 12th Feby last, in which you state that I am unable to obtain Letters Patent for the N.W. 1/4 of Section 13 Township 58, Range 10 west 4th Meridian on account of my having trafficked in Dominion Lands. I would like to point out to you that many others upon the late Half Breed Reserve had also though ignorance done so, they were all granted re-entry & I think that you must have made some error in this matter for I dont think that the Department would be so unjust to force me to wait all these years having resided so long upon it, when every one else who were granted re-entry upon the usual conditions, their time previously to re-entry was to count, & they who had made the necessary improvements have received their patents. & I thought mine was the same condition.

I feel that you have made some mistake. & I shall be glad to hear from you in this matter.

Francis Poitras, jr.

Recommended.

This man obtained entry for the above land on the 23rd of March, 1909, but as [illegible] was found that he had been trafficking in the land, his entry was cancelled and he was allowed to make re-entry which he did on the 2 th of January, 1912.

The case was submitted to you on the 13th of November, 1913, by Mr. Tupper and you decided that the second entry of the 26th of January, 1912, was to stand as the date of his homestead entry and the applicant to be informed that it would be necessary for him to wait three years from the date above given before he can be entitled to patent.

The point is, is Mr. Poitras to be allowed to count residence prior to the 26th of January, 1912. If not, it will be necessary for him to complete the third term of residence.

The practice is to allow a
[illegible] to count any actual

reason to the contrary.

Reply to A.T.L. Edmonton,
Ref.No.1871789.

OTTAWA, 15th November, 1[illegible].

Sir,-

N.W. ¼ Sec. 13 Tp. 56 Rge. 10 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

I am trying to ascertain the age of Mrs. Frances Poitras who was born at or near St Francis Xavier or St Albert. Home Plains, Manitoba, about 70 years ago. We don't seem to know much about the circumstances. If he is old enough would like to assist him in getting his old age pension as he is in destitute circumstances. Thanking you.

Dear Mrs. Bowtell,

In reply to your letter of October 10th, I may say that there are several men of this name and it is difficult to determine which one you are interested in.

Francois (or Francis) Poitras Jr. applied for patent for the N.W. ¼ 13-58-10-W 4th Mer, on March 23rd, 1914. He stated that he was 36 years of age. His wife was Madeleine Boudreau. He was born in Manitoba.

Francis Poitras Sr., obtained patent for part of S.W. ¼ 8-58-9-W 4th. He stated on March 24th, 1909 that he was 59 years of age.

Francois Xavier Poitras who obtained patent for land in Saskatchewan stated on November 18th 1907 that he was 26 years of age.

If I can furnish any further information I should be glad to do so, if you are able to obtain more details.

Yours very truly,

So I herewith make application on their part that the heirs of the said Simon Moron Sr., viz. Simon & Joseph Moron be granted a patent for the said land as a squatter's right Any errors I may have made please excuse and let me know as soon as possible

Yours respectfully,

A.P.J.Monkman,

P.S.I may state that not all these improvements remain there now as at the time of small pox the building was burnt down by the R.N.W.M.P. All the above improvements aforesaid was done and on the place and after the fathers death the son Simon built a building and put them on the road allowance and when he found out he sold them but this has nothing to do with the father's estate. Please advise how these heirs stand as to their patent.

MEMORANDUM:

Referring to your memorandum of 3rd June, on file 1832008 herewith, regarding the southeast quarter of section 9, township 58 - 9 - 4, alleged to have been squatted upon before survey by Simon Moron Sr., the survey of this township was made in 1896 by F. N. Chalmers, D.L.S., being one of the townships reserved for the Halfbreed Colony established there.

Mr. Chalmers did not take any statutory declarations. It was probably assumed that the officials of the Church, who organized the colony would look after the interests of the settlers.

Sir,

Re S.E.¼ of 9-58-9-W.4th.

I beg to acknowledge the receipt of your letter of June 8th, 1909, in reference to a claim made by Messrs. Joseph and Simon Moron to the above described land.

In reply I have to state that the Department has not the power to disallow the claims of the present occupants of the land in question.

No claim inheres to the heirs of the late Simon Moron under the Dominion Lands Act by reason of occupation before survey and such occupation although it may have taken place is not recorded in the Department.

The St. Paul des Metis Reserve was set apart for a specific purpose and was administered by the Roman Catholic Mission authorities as a Halfbreed colonization reservation project under the authority of Order in Council of the 28th of December, 1895, by leasehold tenure. Residence upon the Reserve by Halfbreeds created no right on their part to the land which they were permitted to occupy by virtue of leasehold tenure. The 80-acre allotment

Mr. Joseph Parenteau then became the allottee of the said 80 acres and the evidence in connection with his claim indicates that he purchased the improvements of the late Simon Moron.

The colonization project was abandoned by the Mission authorities a short time ago and the Reserve was discontinued and it therefore became necessary to confirm the Halfbreeds in their homes and improvements who were found to be properly in occupation of portions of the Reserve and the right to their holdings was accordingly conferred upon such occupants by Order of the Governor in Council.

This right had reference only to Halfbreed occupants of the Reserve. Reverend Sir. Re S.E.¼ of 9-58-9-W.4th.

A claim is made by Joseph and Simon Moron, heirs of the late Simon Moron, to the 80-acre allotment granted to Joseph Parenteau. The claim is made on the ground that the late Simon Moron was the squatter there before survey and was in occupation thereof until 1903.

Had the said heirs of Simon Moron remained in occupation of their father's allotment they would have been entitled to the benefit of the settlement with the Halfbreeds, but as they did not and had abandoned the Reserve they have no claim.

I observe in his affidavit when making his claim that Mr. Joseph Parenteau stated that he had bought the improvements of the late Simon Moron. I should be glad to have from you if convenient, in case any further consideration is given to this claim, a statement

Rev. Father Therien,

St. Paul des Metis, Alta.

Maron's Case.

Jos Parenteau bought , not from Simon Maron but from his son Amon Maron, the place mentioned in your letter, on the 24th of March 1907.

Parenteau gave for the house, stable, fence and improvement thereon, one cow, a colt, seventeen logs and twenty dollars-

I have the bill of sale in my possession here- Observe that the old man was dead and the deal has been made between Amon , the son, and Jos Parenteau.

I fail to see on what ground Maron could claim that 80 acres since he left the Reserve in 1907.

(Homestead Claim)

In the matter of the Sale of unpatented land upon the St Paul-des-Metis Reserve.

I, Jos Parenteau of the (Centre IOchms S. W. Q)) 56-9-24

of St Paul des Metis, Province of Alberta.

do solemnly swear that I meet Mr. M. W. Hopkins. D. L. S. of St Paul des Metis several times in St Paul des Metis & he approached me about selling my Homestead (160 acrres) I have a Homestead right upon the late Reserve, he always told me that I could sell it right away. I refused thinking that I could not do this, one day Mr F. Poitras (a store-keeper here) came down to see me & told me that Mr. M.W. Hopkins D. L. S. wanted to buy my place, & I had better sell to him, it would be all right, there would be no harm in my doing that. I always thought that Mr Hopkins, & Mr Poitras were all right, & they knew the laws. I have no education. I had faith in them. I went shortly afterwards to Edmonton with Mr Poitras, & we meet Mr Hopkins. D. L. S. & he said to me " are you coming to sell your place?" I said "Yes". Mr Hopkins then said we cannot make any bargain on the street we will go into an office. I dont remember the place, but it was on Jasper Avenue. I would not sell all my Homestead but I sold Mr Hopkins the W½ of the S. W. ¼ 10.58.9.W4.5 (a part) of my Homestead) Mr Poitras did most of the talking interpreting. I not understanding English thoroughly. I signed some papers in this office, but they did not read them over to me. Mr Hopkins did not give me any papers whatever, we went from this office to another on-

situated in the Garlepy Block, Edmonton. Mr Hopkins then paid me the sum of $550- I was to receive $600 for the E½.S. W. 10-58.9- W 4)the other $50-was to paid when I handed Mr. W. E. Hopkins the patent for the same.
I find now that I had no right to sell this. I have been taken advantage of having no education & by ignorance. The land is far more valuable than what Mr. Hopkins induced me to sell it for. I have a wife & a large family of children, & I make this statement of my own free will trusting that the Dept will give me every consideration for I knew no better, & did not think I was doing anything wrong.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1893".

Investigation held at St Paul de Metis, Alberta on Thursday May 18th, 1911, with Mr. J.A.Bannerman, Assistant Inspector of Dominion Land Agencies, presiding, Narcisse Marion Interpreting in French .;

Joe Lorenteau sworn : Mr.J.A.Bannerman questioning :-

Q. Here is an affidavit that you signed in front of Ernest Guertin here at St Paul, and in this affidavit it makes complaints that Mr. Brady has not used you right, that he would not take your patent, that he would not do anything for you, do you ever remember signing this with Mr. Guertin ?
A. I was in Lepin machine store and Lepin asked me why I did not get my patent, and I told him that I could not that I had not sufficient work done. Lepin said you put that into my hands and I will write to Ottawa and I will get it for you, and I told him well if you can get it for me like that I would be very glad. Then they started in to write what I supposed was something to assist me in getting my land and I signed it. I signed what I thought they were writing to get my deed. They did not read anything over to me and I dont know what I signed. They never asked me anything about Brady the Land Agent nor had I said anything about Brady.
Q. If they had asked you anything about the Land Agent you could not say anything wrong about Brady. Brady has always used you right ?
A. He always done everything he could for me.
Q. Joe I am reading this affidavit over to you and explaining it to you.
After having been read :-
A. Joe Lorenteau says that it is doing me harm in signing it, he never told me anything of this kind nor he never read it to me. Brady has always used me right and all the other people as far as I know. Brady is an honest man and has always tried to do right

by the people.

That is one thing that we always try to do is to use everybody the same and when a man does what he should he always gets his Deed and if a Sub-Agent or any other Officer does not do what is right they can work.

A. I knew myself at that time that I did not have the improvements and I did not come to Brady to compel him to take my patent, and this affidavit has been filled out to do myself and Brady harm. If they had read the affidavit as you have read it I would have taken it from them and torn it up.

Joe all this work will have to go to Ottawa, I cant tell you anything about it, I cant tell you what the Government will do or anything else, but it will be all looked into, and whatever is right in the matter will be carried out.

I W.S.Charlin, Stenographer, do solemnly declare that the foregoing evidence taken by me regarding the investigation held at St Paul de Metis, Alberta on Thursday the 18th of May 1911, is true and correct, to the best of my knowledge, information and belief.

Sir,

Referring to your letter of the 20th April, File 1809565, and the attachments thereto, one of which is an Affidavit signed by Joseph Parenteau, farmer, of St. Paul des Metis, in which he complains that Mr Jas. Brady, Sub Agent for that district, had refused to take his application for Patent, and also other statements regarding Mr Brady, and asking that I investigate the matter and report, I beg to say that I am attaching hereto a statement made by Mr Parenteau under oath, before me, answering certain questions that were asked by me, which I think will clear the whole case, and satisfy the Department that Mr Parenteau was made a party in trying to do the Sub Agent harm. I am certain in my own mind, that the statements made by Mr Parenteau in this investigation are right.

Hoping that this will close the matter, and that the Department will find the same satisfactory,

Supervising Dominion Land Agent

Regina Sask. May 31st -11.

Sir.

In compliance with the request contained in your letter of the 20th of March last H.E.File. No. 1869606 regarding making an investigation re the performance of Homestead duties performed by the Homesteader Joe. Parenteau upon the Frac. portion of Sec 9. and the Frac portion of Sec 10. in Tp. 58_ R'ge 9_W_4th_M. which was alloted to him within the boundaries of the St.PAUL Des Metis reserve, subject to the usual homestead duties. I beg to say that I held an investigation on the 18th inst at St Paul Des Metis and examined the homesteader in question and found that his duties were being performed, at least as fast as possible regarding the cultivation, but I may state that in the course of the examination I found that the Homesteader had been trafficking his land prior to obtaining his Patent ~~this~~ I think the evidence will show, and while I have no doubt the transaction was carried out through ignorance on the part of the Homesteader and pressure brought to bear upon him by his ~~xxxxxxx~~ advisers, still I consider it is a case well worth looking into. I may say that I could get no evidence of any sort to corroborate the statement given by Mr. Parenteau, and of course I base my opinion on the case entirely upon the evidence which I found at [illegible] and truthful

The Secretary

Department of the Interior.

Ottawa. Ont.

although

no doubt if Messrs Hopkins and Poitras were summoned into court they would deny that any such transaction ever took place between them and Mr Parenteau. I may say that Mr.Parenteau had no papers of any description to substantiate his statements. I may say that I informed the Homesteader that I could not give him any decision as to the outcome of his case with Head Office and I would recommend that Messrs Hopkins and Poitras be prosecuted if possible, and as I stated previously I consider that the ignorance of Mr Parenteau as being an Half _ Breed was worked upon to bring the deal in question to A close .

Sir,

Centre 2 chains of SE¼ of 9 & W½ of SW¼ of 10--[illegible]--9 W.4th.

Referring to the entry granted to Mr. Joseph Paremteau on 23rd March 1909 for the above mentioned land, I beg to say that this case was recently investigated and it was found that the entrant had been trafficking in his land prior to obtaining patent. It has been decided that this entry will require to be cancelled, and you are now authorized to carry out cancellation.

In view, however, of the fact that the entrant is shown to have entered into an agreement to sell through ignorance, the Department has waived the forfeiture of his right to re-enter for a homestead, and you may allow this settler a period of ninety days within which to re-enter for the land in question on the ordinary terms.

If this settler re-enters for the same land his new entry will be on the same footing as the previous one, that is he may count duties performed previous to the date of entry and he will not require to wait for three years before applying for patent.

Please advise the settler that if he wishes to re-enter for some other available land he may do so on presenting your letter of authority.

Dear Sir:-

FILE 19695965 - S.E. 9-58-9, West 4th.

I have placed in my hands a communication from your department, in the above matter, dated August 9th, 1909; the same having reference to a claim made by Messrs. Jos.and Simon Moreau, to the above described lands. It would seem from the correspondence that the department was not in possession of all the facts in connection with the case or else there was some misrepresentation made at some stage of the proceedings in regard to this application.

The facts are that in 1885 Simon Moreau squatted on the now above quarter section and remained in possession of same until he died on or about 1903, during which time he had between 50 and 60 acres broken, and had also erected a dwelling house, two barns and a granary. On or about 1897 Moreau made application to the Government to have his rights to this quarter section properly established, the Priest, Father Therien, making out the necessary papers for him, but for some reason or other the application was not forwarded. Moreau's son Simon, one of the above claimants, advises me that these papers were burned. This, of course, is a very serious charge, and just now, the applicants do not wish to press it, but later may be obliged to do so. You will note from the date on which Simon Moreau Sr. took up this land,

it is prior to the establishment there of the Roman Catholic Mission and some ten years previous to the Order in Council referred to in your letter of Aug. 9th., 1909, so that Mr. Moreau could not possibly have been occupying this land with the consent of the Mission authorities, as he was in possession of the same before the establishment of the Mission.

I note the reference made to Jos. Parenteau and am advised that if the records of your department bear out the statement there must have been wilful misrepresentation made by this party or by some one in his behalf. The facts are that Mr. Simon Moreau, Jr. owned a house on or about the above quarter section and when a survey of the lands was made this house was found to be on the road allowance. Moreau sold this house to Mr. Parenteau, as a matter of fact he exchanged it for a cow, the value of which was about $30.00. This transaction, however, had nothing to do with any of the buildings erected on the above quarter section by Simon Moreau sr. which buildings are still there, whereas the building sold by Simon Moreau Jr. was removed to some property by Parenteau. The heirs of the late Simon Moreau left this land on or about 1905, having been told by the Priest that they could not get a title to the land and that they had better go somewhere else and take up homesteads. Not knowing the difference the heirs left but did not have any intention of abandoning the land. From these statements, which the heirs are ready to substantiate by affidavits, it would appear that Moreau was in occupation of the land before the establishment of the Mission; that he made the necessary application for a title

of this property, but that the application was destroyed for some reason or other; that m'srepresentation has been made, either by Parenteau or on his behalf, with regard to the purchase of improvements by the said Moreau. There does not seem to be any question that the heirs of the late Simon Moreau are legally entitled to possession of this land.

If the Department requires any further information we are ready to produce same in the form of an affidavit, not only from the heirs but from other people who have a personal knowledge of the facts relating to the case.

Yours truly,

J. W. G. Morrison

Ottawa 24th January, 1912.

Sir,

Replying to your letter of the 29th of December, 1911, respecting the claims of Joseph and Simon Moron affecting the S.E. of 9-58-9, West of the 4th, I beg to say that this matter was fully considered before the Department's communication of the 9th of August, 1909, to which your letter refers, was sent.

Your letter of the 29th of December alleges occupation of the land by the late Simon Moron prior to survey also misrepresentations as to the purchase of improvements by Joseph Parenteau as being material to the claims of the heirs of the late Simon Moron.

1. In the opinion of the Department no right of entry passes to the said heirs under Section 10 of the Dominion Lands Act which defines the right of entry to a bona fide squatter before survey.

2. The Mission Authorities became legally possessed by leasehold tenure of this reserve under the authority of Council in 1895.

3. The late Simon Moron was an occupant of an eighty acre allotment on this reserve after its establishment and located on part of the S.E. of 9-58-9, West of the 4th. Lawrence Garneau was an occupant in the same way under the

the Mission Authorities on part of this same quarter section although he had for many years erected buildings on it worth about $2500.00 and received patent for it after the closing out of the Reserve.

4. Joseph Parenteau was found in 1909, when the reserve was closed out, to be an occupant of an eighty acre allotment under the Mission Authorities and established in the possession of the same. In this respect his case was identical with the other Half Breed occupants and was dealt with accordingly.

As to the improvements mentioned in your letter, the opinion of the Department is that any question as to the ownership of these improvements is not material to the question of the right of the heirs of the late Simon Moron to the land. Anything relating to these improvements was a matter between the said heirs, Joseph Parenteau and the lessees of the Reserve. Incidentally it may be mentioned that Joseph Parenteau in making his claim as occupant stated that he purchased improvements from Amon Moron. The said heirs abandoned the allotment and removed from the Reserve.

Your obedient servant,

Assistant Secretary.

He came to St Paul des Cretes about two years ago and has been here ever since. He lived for about nine years on a location in the district, I think it was on Section 16 Township 78 range 7 West 4th and had a shack on it. Owing to some trouble he sold his shack for ten dollars and was given another location by the Commission, which is the west half of the south East quarter of section thirty six Township fifty eight range seven west of the fourth meridian. He started to live there the same time as he did. But was there about a month and then left. He went away to Whitefish to hunt two months ago. His wife went with him.

His improvements consist of a log shack 16 x 16 worth fifteen dollars. The outer lines in the house. The land is a bluff. No breaking. No other improvements

I do not know whether he had a homestead or not. I would think he had.

MEMORANDUM

Mr. Hume.

W.½ of N.W.¼ 35-58-9-W. 4th M.
Half-breed grant of Andre Mongrain.
Deceased.
Date of grant 24th March, 1909.
Application for patent recommended.

Application for patent was made on the 9th of October last by Mr. Lawrence Carneau, executor of the estate. A certified copy of Letters Probate, naming Mr. Lawrence Carneau as executor, is attached bearing the seal of the court.

The duties performed are set forth on form No. 58 marked. You will observe that the applicant only claims 10 acres of cultivation. Mr. Homestead Inspector Griffin reported approximately 30 acres under cultivation on the 8th August, 1917, and on the 13th ultimo the same Inspector reports 15 acres of cultivation, but says that owing to the length of time since this land was cultivated it is impossible to state the exact acreage. The Inspector recommends the application.

Attached are declarations from the executor of the estate and Mr. Jas. Brady setting forth that the duties have been fully completed and that at least 15 acres has been brought under cultivation.

This is not sufficient to comply with the Act, but in view of the fact that this grant only contains 80 acres you may feel inclined to recommend that the cultivation duties already performed be accepted as satisfactory.

The residence duties and other improvements have been fully performed.

COPY.

Mr. Dixon,

Re entries made by Halfbreed claimants

Under the instructions to me 23rd Jan .09, file 3605302, the entries granted are subject to completion of three years residence and cultivation duties in the case of 80 acre grants, 15 acres " " " " " " 160 " " 30 acres.

Memorandum

W.½ of N.W.¼ 35-58-9-W.4th M.
Half-breed grant Andre Mongrain,
deceased.
Date of grant 24th March, 1909.
Application for patent recommended.

The question to be decided is whether the application for patent should be approved on the duties claimed in the said application or whether further enquiry should be made. The facts of the case are set out in Mr. Harris' memorandum hereunder.

It would hardly seem that the Homestead Inspector's reports in connection with his case can be considered satisfactory. For instance, the details set out in his report dated 8th August, 1917, are as follows:-

Log house 16x20	$150.00
Log stable 16x20	150.00
Fencing	125.00
Cultivation 20 acres	No value,

whereas his report of the 18th January, 1919, gives details as follows:-

Log house 16x18 (in poor repair)	$175.00
Log stable 16x22	50.00
15 acres breaking.	No value.

In neither of these reports does the Inspector give details as to cultivation, but possibly definite information on this point may be hard to obtain.

The applicant claims only ten acres broken, therefore, I would suggest that before this case is finally dealt with, a further report be obtained from the Homestead Inspector definitely setting out the area broken and the cost per acre of same breaking.

In a memorandum dated the 15th May, 1918, instructions were given that when entries were made by half-breed claimants on the St. Paul des Metis Halfbreed Reserve, the cultivation required in the case of 20 acre grants should be 15 acres. A copy of this memorandum is attached hereunder.

Respectfully submitted,

J. W. Greenfield, Esq.,
Commissioner of Dominion Lands,
Ottawa.

Sir,

I beg to acknowledge the receipt of your letter of the 14th ultimo, submitting here the application for patent of Mr. Lawrence Garneau with Homestead Inspector's report and statutory declarations.

In reply, I am to say that you will observe there is a discrepancy in the Homestead Inspector's reports of the 8th of August 1917 and the 13th of January last. In neither of these reports does the Inspector give details as to cultivation, but possibly definite information on this point may be hard to obtain.

As the applicant claims only ten acres of cultivation, I am to ask you to obtain a further report from the Homestead Inspector definitely setting out the area broken and the cost per acre of such breaking, which will enable the Department to deal further with the application for patent.

do solemnly declare as follows; that the amount of breaking & cultivation made & done upon the above described land is 15 acres, as given by me in my declaration to the Homestead Inspector, to the best of my knowledge & belief my prior statements were made as 15 acres, & if it reads 10 acres it is a mistake & possibly a clerical one; The man André Monyrain deceased was entitled to Letters Patent at the time of his decease & it has been neglect on my part in not having this up before.

Half-breed grant to Andre [illegible]rain, deceased.
Date of grant, 24th March, 1919.
Application for patent recommended.

The deceased died on the 9th of February, 1917, and Lawrence Carneau, administrator of the estate made application for patent on the 9th of October, 1918, claiming ten acres of breaking, five acres cropped in 1911, ten acres cropped in 1916, and ten acres cropped in 1917.

The case was submitted on the 4th of March, last, and it was pointed out that in the cases of entries made by half-breed claimants on the St. Paul des Metis Halfbreed Reserve, the cultivation required in the case of eighty acre grants should be fifteen acres.

In view of this, the Agent was requested to obtain a report from a Homestead Inspector definitely setting out the area broken and the cost per acre of such breaking.

A report has been received from Homestead Inspector Griffin in which he states that it is impossible for him to obtain dates showing the cultivation was made on the above land. There is apparently fifteen acres that was under cultivation [illegible] several years ago. I would consider that [illegible] were worth [illegible] per acre for [illegible] at that time."

Homestead - Andre Nowrain, deceased.

I am in receipt of your letter of the 6th instant informing the Department that you are prepared to take out Letters of Administration of the above estate on behalf of the beneficiaries.

The records show that the late settler who died on or about the 9th February, 1918, received a Grant of the West half of the North East quarter of Section 35, Township 60, Range 9, West 4th Meridian on the 24th March, 1909, and that Lawrence Gurneau, St. Paul des Metis, Alberta, furnished the Department with Letters Probate of the will of the late Mr. Andre Nowrain, dated 22nd October, 1918, registered in the District Court of Athabasca as No. 446, and procured the issue of Letters Patent for the grant, bearing date the 4th July, 1919.

According to a report received from one of our Homestead Inspectors in September, 1922, Mr. Lawrence Gurneau, the sole executor, has died.

It would appear necessary for you to obtain Letters of Administration de bonis non of the estate of the deceased settler and submit to the Department evidence of the completion of the required settlement duties.

I am enclosing herewith a blank form of statement No. 26 for your convenience in submitting to the Department a statement of the residence and cultivation duties completed in each year and of the nature and value of the improvements on the land.

Your obedient servant,

Secretary.

MEMORANDUM:-

Re West ½ [illegible] - 9 - W. 4th M.

Please see your memorandum of the 15th of June, 1911, on file No. 1869575, re trafficking in homesteads at St. Paul de Metis.

Mr. Tannerman now reports in the case of Jos. Deschamp[illegible]r (Rabiscaw)

The Inspector questioned Mr. Deschamp and according to the latter's evidence, this case is similar to those referred to in your memorandum.

It is evident that he was ignorant of wrong-doing when he entered into the agreement with Dominion Lands Surveyor Hopkins.

Please say whether Mr. Deschamp is to receive the same treatment that was dealt out in the other similar cases; that is to say whether his entry is to cancelled and ninety days given to him to re-enter upon the usual terms.

Yes. Take similar action as on Memo. of 10 Jan. 1912 Ref 1869575

Respectfully submitted,

J. J. Mc

DEPT OF INTERIOR

Sir,-

Referring to the N. ½ of the S. E. ¼ of Section 18, Township 58, Range 9, West of the 4th Meridian, and to the entry granted to Mr. Joseph Deschamp or (Rabiscaw) for the land on the 22nd March, 1909, I am to say that in view of representations made to the Department that this entrant had endeavoured to dispose of his land prior to patent, the Inspector of Agencies was instructed to make a careful investigation.

According to careful inquiry made by the Assistant Inspector of Dominion Lands Agencies it appears that Mr. Deschamp has been trafficking on his land, but that he did so in ignorance that it was against the regulations.

ENTRY CANCELLED

Under the circumstances, it has been decided to instruct you to cancel his entry summarily and give him ninety days within which to re-enter for the quarter-section under the usual terms.

Should this settler take up the land again the new entry will have the same standing as the previous one, and any duties he has performed upon the quarter-section may be counted to his credit.

Your obedient servant,

Assistant Secretary.

I was allowed it just the same as any other Halfbreed family.

I commenced to live on this land the same year as I came here 1897. I built a house and have been living there on the land continuously ever since and am still there.

My improvements on this land are as follows: log dwelling house 17 x 23

kitchen addition 15x15 worth three hundred dollars: two log stables, one stable 16x24, one stable 14x16 worth $200.00: one house 14x16 worth $60.00: one house, $20.00 15x14: log shed $20.00: fencing, fifty acres rail fence $20.00.

I own seventeen head of cattle and eight horses. I started with two cows and one horses, and increased them every year. I own also seventeen head of sheep.

I have thirty five acres broken on this land. I cropped it all every year after 1901 except this year when I cropped twelve acres.

I received patent for a homestead about 1896 at Stony Plain, six miles west of Edmonton.

do solemnly swear that when Mr. E. T. Hopkins. D. L. S. and Mr. P Poitras of St Paul des Metis called I was not at home & they told my wife & Xavier Cardinal my brother-in law they wanted to see me and to come to E. Poitras's store. Next morning I went down & I said. what do you want to see me for. E Poitras did all the talking to me, I do not understand English, so he interpreted for E. Hopkins. D. L. S. & he said " do you want to borrow some some money like the rest of them are doing, you can get some too. " I said "Yes" Then Mr Hopkins started to make out some papers. I touched the pen, they did not read these papers over to me, but I said you keep one paper and give me one, but E. T. Hopkins refused to give me one. He then gave me $240 & he agreed to I give me $6,per acre for s½ of S. T. 6. 58. 9.W. 4. M. & $7 per acre for the Tract N. E. ¼ of 31 57. 9- W. 4. M. & Mr Hopkins said as soon as you have your patent I will give you the balance in full. I have since received from E. T. Hopkins $??? in cash, Last spring he was speaking to me & we have eight rolls of barb wire to fence my place, & he said Get you patent as quick as you can"I am just giving you the wire to help you out" It will cost you nothing". I said at time when I was talking to Hopkins about I n t get in trouble for doing this as I have

have no patent and he said "no, I am just trying to help you people out because you are poor. I trusted Hopkins thinking he knew the laws and regulations. I find now I have done wrong in selling my land without a patent and I fear I shall lose my homestead where I have lived upon continuously for 20 years. I have made this statement of my own free will trusting that the Dept will take into account my having no education and as an ignorant man, but I know now that I have been taken advantage of, and that they will see that I get justice in this matter.

And I make this declaration conscientiously beliving it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of A The Canada Evidence Act, 1893."

Fr.L.W.4 of 31--57--9 West 4th.

2414822

Jeremie Poitras sworn :- Mr. J.A.Bannerman questioning :-

Q. This is the land that was given to you two years ago by the commission ?

A. Yes.

Q. Have you lived there all the time since the commission gave itto you ?

A. All the time .

Q. Do you remember Mr. Maher and myself telling you at that time and you must live on it and do improvements on it before you could get your Deed ?

A. Yes.

Q. What improvements have you done since you got the land ?

A. 20 acres of breaking and seeded .

Q. Have you done any fencing ?

A. I have got two miles of a fence.

Q. Is this fence wire ?

A. Yes.

Q. Who gave you this wire ?

A. Mr. Hopkins.

Q. Mr. Hopkins gave it to you what for ?

A. He said I will give you that wire to help you to get your patent as soon as possible.

Q. Did Mr. Hopkins buy your land ?

A. Yes.

Q. Before he gave you the wire.

A. He brought it and gave me the wire after.

Q. So that Mr. Hopkins was simply hurrying his deed by giving

you the wire to get your fencing done.

A. Yes.

Q. When did Mr. Hopkins buy the land, can you tell just what month and year it was ?

A. 2 years this coming fall.

Q. Who is the first man who came to you and asked you to sell your land ?

A. Hopkins and Poitreus came to my place and I was not there. The next day I went to see Poitreus and Hopkins to see what they wanted. They asked me if I would see my land the same as the other Half Breeds. I said Yes.

Q. What did Mr. Hopkins give you for the land ?

A. $ 240.00; $10.00; $30.00; $5.00; $146.00; and $113.00. When he paid me this $113.00 he told me that this made one-half of what I was going to get for my land.

Q. Did he give any of this money to you in cheques or was it all given to you in money ?

A. $30.00 in cheques and the rest of it in money.

Q. Did he ask you to sign any papers when he gave you the first money ?

A. Yes. I asked him if I could get one and he refused.

Q. You signed papers ?

A. Yes.

Q. Did he read everything that was in this paper to you before he asked you to sign it ?

A. No.

Q. He didn't tell you what you were signing ?

A. He asked me to touch the pen and that was all.

Q. Did he tell you when you had signed the paper that he was buying the land ?

A. He told me that this money was loaned to me but when I got my land the land was bought, that this was half of the money paid.

Q. Did anybody else say anything to you about selling the land ?

A. Poitreus and Hopkins were the only ones that told me

that I could sell the land but Father Therion was there with them and heard the talk.

Q. Did you think you were doing wrong when you signed those papers ?

A. No he thought he was doing right.

Q. Did anybody else tell you to sell the land ?

A. My brother-in-law Marion Cardinal and myself went to see the Father and my brother-in-law asked him about it and Father Therion said you people sell the land. This was before I took any money.

Q. When you heard this from Father Therion you thought you were doing right by taking money for your land ?

A. Yes. If he had said not to sell it we would not have sold it.

Q. You did not come and ask Mr. Brady's advice who is looking after the land here ?

A. Never came to see Brady.

Q. If you had known that you were doing wrong in taking this money and signing the papers would you have done it ?

A. I am ignorant and cant read english or write and if I had of thought I was doing wrong I certainly would not have done anything with Hopkins or Poitrous.

You tell Jeremie that I am here just the same as the commission was two years ago to find out about their duties, what they have done on the land and that I cant tell him anything. Since I have found out about the people taking money for their lands everything will have to be sent to Ottawa.

I H.S.Chaplin, Stenographer, do solemnly declare that the foregoing evidence taken by me regarding the investigation held at Le Goal de Metis, Alberta, on Thursday the 18th of May, 1911 is true and correct to the best of my knowledge, information and belief.

Sworn before me at the City of Calgary, in the Province of Alberta, this 31st day of May A.D. 1911.

Winnipeg, Manitoba, 12th June, 1911.

Sir,

In compliance with the request contained in your letter of the 20th March last, H.C. File No. 1808008, regarding making an investigation re the performance of Homestead duties performed by the Homesteader Jeremie Poitras, upon the E½ N.W. 1/4 of 31--57--9 W 4th, which was allotted to him within the boundaries of the St. Paul des Metis reserve, subject to the usual homestead duties. I beg to say that I held an investigation on the 16th inst., at St. Paul des Metis, and examined the homesteader in question, and found that his duties were being performed as least as fast as possible regarding the cultivation, but I may state that in the course of the examination, I found that the homesteader had been trafficking his land, prior to obtaining his Patent. This I think the evidence will show. While I look to the fact the transaction was carried out through ignorance on the part of the homesteader, and possess no doubt but that he can [illegible] by his advocate, still I consider it as a case well worth looking into. I may say that I could get no evidence of the sort to contradict the statement given by Mr Poitras, and of course I base my opinion on the case entirely upon the evidence, which I have no object in giving but truthful, although my power of Messrs Poitras and Poitras were present [illegible]

The Secretary,
Department of the Interior,

and investigation would take place between them and Mr Poitras. I may say that Mr Poitras had no knowledge of the description to substantiate his statements. I may say that I informed the Undersigned that I could not give him any decision as to the outcome of his case with Head Office, and I would recommend that Messrs Hopkins and Poitras be prosecuted, if possible, and as I stated previously, I consider that the ignorance of Mr Poitras in being a Half-Breed was worked upon to bring the deal in question to a close.

I [illegible], Sir,

Your obedient servant,

MEMORANDUM:-

Cases of trafficking in homesteads at St. Paul des Metis.

I submit reports from Mr. J. A. Bannerman, who was authorized to investigate under oath certain cases where it was alleged that homesteaders had been induced by parties named Hopkins and Poitras to make an agreement to sell contrary to law, prior to issue of patent. Underneath you will find a schedule of twelve cases, in regard to each of which Mr. Bannerman reports in practically the same words, namely, that he found the homesteader had been trafficking in his land prior to obtaining patent.

In each case Mr. Bannerman states that he bases his opinion entirely upon the evidence given by the homesteader which he considers clear and truthful. Is satisfied that the ignorance of these parties, being half-breeds, was worked upon to bring the deal in question to a close. The homesteaders had no papers of any description which would substantiate their statements.

Mr. Bannerman recommends that Messrs Hopkins and Poitras be prosecuted if possible.

Patent has not been

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,
OTTAWA.

Patent has not been issued in any of these cases except one, Francis Boudreau. In this case patent was issued on the 6th of October, 1910. The evidence of Boudreau goes to show that he sold his land to Hopkins "a year last Winter". At the end of his evidence Mr. Boudreau denies that he signed any papers before he received his patent. It seems to me somewhat doubtful whether or not in this particular case the bargain was made by the homesteader before or after he secured his patent.

Mr. Bannerman was authorized to take evidence under oath in twelve cases. In one of these (J. Rabascow) homesteader was absent on a survey party and no evidence was taken.

In another case (George Boudreau) no Order in Council was passed, but Mr. Boudreau came to Mr. Bannerman and desired to explain matters. Mr. Bannerman took his evidence and reports that it goes to show that the homesteader has been handled in the same manner as all the others.

Respectfully submitted,

T. Fitz Roy Dixon.

I.C.M.

Ottawa, 2nd October, 1911.

Memorandum:

Mr. Greenway.

Re Cases of trafficking in homesteads at St. Paul des Metis.

After consideration having been given, it has been decided that the entry will require to be cancelled in each case where patent has not issued, and trafficking has been shown.

In view, however, of the fact that the homesteaders are shown to have entered into agreements to sell through ignorance, forfeiture of their right to re-enter for a homestead may be waived and authority given them to re-enter for the lands, the entries for which are now being cancelled, such re-entry to be made within ~~sixty~~ ninety days from date of notice.

If any of them wish to enter for other lands the usual authority may be given them to make entry on any available land.

MEMORANDUM:-

Referring to the Minister's instructions underneath, kindly advise me on the following points:-

(1) When these half-breeds are allowed to reenter will they be required to pay a fee?

(2) When reentry has been obtained will the half-bread require to complete the duties counting from the date of the fresh entry?

I might mention that Mr. Maher who visited St. Paul des Metis, and who granted most of the entries which are now to be cancelled, explains that no fee was ~~quoted~~ by him in any case. You will recollect that there was a reserve for the half-breeds of St. Paul des Metis which it was decided to discontinue, but half-breeds who were in actual occupation of tracts of land were given entries. The circumstances were out of the ordinary. If a half-breed had exhausted his homestead right, eighty acres only was granted. If he still retained his homestead right, he had the choice of taking 160 acres in the reserve which would ~~exhaust~~ his homestead right, or he might obtain eighty acres in the reserve and retain his homestead right to be exercised elsewhere.

It has been held that these half-breeds were not illegal squatters, and they were permitted to count duties performed previous to the date of their entry, and also it has been ruled that they do not require to wait three years from date of entry before applying for patent.

Will the new entries give the parties in each case the same standing?

In the case where patent has issued I assume no action is to be taken (Francis Boudreau). The facts in this case are shown on the second page of my memorandum of the 15th of June. In the case of J. Robidoux as Mr. Bannerman took no evidence, I assume this entry is not to be disturbed at the present time.

Referring to the entry granted to Mr. Jeremie Poitras on the 24th March 1909 for the above mentioned land, I beg to say that this case was recently investigated and it was found that the entrant had been trafficking in his land prior to obtaining patent. It has been decided that this entry will require to be cancelled, and you are now authorized to carry out cancellation.

In view, however, of the fact that the entrant is shown to have entered into an agreement to sell through ignorance, the Department has waived the forfeiture of his right to re-enter for a homestead and you may allow this settler a period of ninety days within which to re-enter for the land in question on the ordinary terms.

If this settler re-enters for the same land his new entry will be on the same footing as the previous one, that is he may count duties performed previous to the date of entry and he will not require to wait for three years before applying for patent.

Please advise the settler that if he wishes to re-enter

DOMINION LANDS AND CROWN TIMBER OFFICE,

Edmonton, Alta., Oct. 18th, 1911

Sir:-

I am directed to inform you that in view of the fact that it has been discovered that you have been trafficking in your land prior to obtaining patent, your entry for the fractional N.W.¼ of 31-57-9-W.4th M. and the S.½ of 6-58-9-W.4th M. has been cancelled in the records of the Department.

In view, however, of the fact that it was shown that you entered into an agreement to sell, through ignorance the Department has waived the forfeiture of your right to re-enter for a homestead and you are hereby given 90 days from this date within which to make re-entry on the above described land on the ordinary terms.

If you make re-entry on the above land, your new entry will be on the same footing as the previous one, that is to say you may count the duties performed previous to the date of the new entry, and as you have already made your application for patent, the same will be duly considered if and when you have completed your entry for the land in question.

I am to advise you that if you wish to enter for an equal area of available land elsewhere instead of taking up the above land again you may do so on presenting this letter as your authority.

Jeremie Poitras, Esq.,

C. E. R.

Sir,

S. ½ of 10--38--10--4. 4th M.
Half-breed grant Nicodeme (George) Boudreau, 20th March, 1908.

Your file number 186904.

Referring to the entry granted to Mr. Boudreau on the 20th of March, 1909, for the above mentioned land, I beg to say that this case has carefully investigated and it was found that the entrant has been trifling in his land prior to obtaining patent. It has been decided that this entry will require to be cancelled, and you are now authorized to carry out cancellation.

In view, however, of the fact that the entrant is shown to have entered into an agreement to sell through ignorance, the Department has waived the forfeiture of his right to re-enter for a homestead and you may allow this settler a period of ninety days within which to re-enter for the land in question on the ordinary terms.

If this settler re-enters for the same land his new entry will be on the same footing as the previous one, that is he may count duties performed previous to the date of entry and he will not require to wait for three years before applying for patent.

Please advise the settler that if he wishes to re-enter for some other available land he may do so on presentation of your letter of authority.

Your obedient servant,

Assistant Secretary.

Mr Paitras applⁿ for pat. dated 28 June 10 was recommended by this A.D.L. 6 July 10 but upon examination it was found that the duties had not been completed and a S.S. called for.

In the meantime the entry was cancelled because of trafficking in homestead lands before issue of pat. Forfeiture of h.d. rights were waived and Paitras re entered for the same land this 6 Nov. 11, paying a fresh fee, he also executed a S.S. this 6 Nov. 11 shewing duties completed

The point arises, is the date of the S.S. the revised date of the applⁿ for pat. notwithstanding the date of D.O.C. recommendation

It apparently would be a hardship on this Rder to compel him to again appear with his witnesses and execute a fresh applⁿ for pat.

Frac. N.W. 31--57--9, W. 4th.
& S. ½ of S.W. 6--58--9, W. 4th.

Re applications for patent by half-breed squatters in St. Paul de Metis Reserve.

There are about twelve of these half-breeds who were shown to have been trafficking in their land prior to obtaining patent. It was shown that they had been induced by parties named Hopkins and Poitras to agree to sell.

These cases were investigated by J.A. Bannerman, Assistant Inspector of Agencies, Red Deer, who was satisfied that the ignorance of these half-breeds was worked upon to bring the deals in question to a close.

The late Minister ordered that the entries of these half-breeds should be cancelled, but as they acted in ignorance he authorized them to re-enter, paying a fresh fee.

With accept on Comm's decision.
T.T.
4.1.12

Points now to be decided:-

(1) Will these half-breeds get credit for all duties performed before securing the re-entry?

(2) Will they be allowed to apply for patent without waiting for the three years from the date of re-entry ?

In October last the late Minister ruled "Yes" in each case, but it might be well to have this confirmed.

It might be explained that these half-breeds were not illegal squatters, but were occupying portions of the Reserve under an arrangement with the Board of Management. By Order in Council of the 2nd of June, 1879, the claims of these occupants

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,
Ottawa.

these occupants were disposed of by the acceptance from the claimants of entries without payment of entry fee, and subject in all cases where the ordinary homestead duties have not been completed, to fulfilment of the same before issue of patent.

It would appear that all duties already performed should be counted, and that entrants should be allowed to apply for patent without waiting for three years from date of the new entry. If necessary an Order in Council might be passed under sub clause (k) of clause 76 of the Act.

Where any of these half-breeds applied for patent before his entry was cancelled and re-entry granted, it would be advisable to accept the application already made.

Respectfully submitted.

MEMORANDUM:-

No West ½ - 31 - 37 - 9 - W. 4th M.

Please see your memorandum of the 15th of June, 1911, on file No. 1869575, re trafficking in homesteads at St. Paul de Metis.

Mr. Pennerman now reports in the case of Jos. Deschamp or (Rabiesse)

The Inspector questioned Mr. Deschamp and according to the latter's evidence, this case is similar to those referred to in your memorandum.

It is evident that he was ignorant of wrongdoing when he entered into the agreement with Dominion Lands Surveyor Perkins.

Please say whether Mr. Deschamp is to receive the same treatment that was dealt out in the other similar cases; that is to say whether his entry is to cancelled and ninety days given to him to re-enter upon the usual terms.

Respectfully submitted,

F. FitzRoy Dixon, Esq.,

Sir,-

Referring to the W. ½ of the S. E. ¼ of Section 18, Township 58, Range 9, est of the 4th Meridian, and to the entry granted to Mr. Joseph Deschamp or (Lebiseaw) for the land on the 22nd March, 1909, I am to say that in view of representations made to the Department that this entrant had endeavoured to dispose of his land prior to patent, the Inspector of Agencies was instructed to make a careful investigation.

According to careful inquiry made by the resident Inspector of Dominion Lands Agencies it appears that Mr. Deschamp has been trafficking on his land, but that he did so in ignorance that it was against the regulations.

Under the circumstances, it has been decided to instruct you to cancel his entry summarily and give him ninety days within which to re-enter for the quarter-section upon the usual terms.

Should this settler take up the land again the new entry will have the same standing as the previous one, and any duties evidently performed upon the quarter-section may be counted to his credit.

Sir,

I beg to enclose herewith a letter received from Mr. Jeremie Poitras, setting forth his desire to be allowed to purchase the fractional S. ½ of the N.W. ¼ of 51-27-9 W. 4th. Mr. Poitras' first application was refused as according to the plan of survey, this parcel of land is apparently separated from his homestead, the N. ½ of the same section, by the lake, but Mr. Poitras states that the narrow strip of water is now dry, and the two fractions are therefore not separated.

Will you kindly advise me if Mr. Poitras' application can be acceded to.

Dear sir;-

I would like to inquire if it would be possible to purchase from the government that fraction that lies partly in the North West and South West of section 31 township 57 range 9 West of the 4th Mer.

I might say that I am in partnership in a ranch that is situated on land in the N.W.¼-31-57-9 W.4th filed in the name of Jerome Poitras and afterwards purchased by the Hon. F. T. Lessard, my partner.

I might also add that the land between this fraction and the quarter mentioned above is also good hay land although the survey calls it the Therien Lake. However since the land was surveyed the water has receded leaving this also a part of the fraction.

I trust that I will receive a favorable reply from you in due course and can assure you that the same will be greatly appreciated.

Yours very truly

Memorandum:

I beg to return your reference No.14284. The portion of the S.W.¼ of Section 31, Township 57, Range 4, West of the Fourth Meridian, shown on the plan as lying north of the lake, was patented as a homestead in March, 1913, to Jeremie Pitiras.

The land applied for, which is described as lying partly in the north-west and south-west quarters of Section 31, is evidently that shown hatched in green on the attached sketch which includes the whole of one Island and a portion of another. This land is clear but, as you are aware, Islands in Manitoba, Saskatchewan and Alberta, according to the Regulations, are not available for entry, sale or lease.

As regards the representation made that there is now more dry land in the S.W.¼ of Section 31 than is shown on the plan of survey, I think it would be well to enquire of the Surveyor General as to whether he has any information as to the recession of the waters of the lake at this point. In the event of it being found that the waters have receded really and permanently from the S.W.¼ of Section 31 it would be in accordance with the practice to permit the present registered owner of the meander part of the quarter section to purchase the balance of the land in the quarter section at a homestead inspector's valuation, upon his filing evidence of ownership respecting the land owned by him.

Respectfully submitted,

W. W. Cory, Esq., C.M.G.,

I am in receipt of your letter of the 18th ultimo, enquiring with respect to the N.E. and S.E. qrs of 31 - 57 - 9, W.4th.Meridian, which is shown on the plan of survey as part island and part lake, but which you claim is now all dry.

In reply I beg to say that enquiry is being made as to the recession of the waters of this lake, and if it is found that that part of the lake included in these two quarter sections has now receded the practice of this Department requires that the unpatented portion may be disposed of to the registered owner of the balance of the quarter section.

As soon as the report with regard to the recession of the waters has been received you will be further advised.

Referring to your memorandum of 9th January, file 1869575 herewith, the west outline of township 57-9-4 was established in 1884 by Mr. C.H. Magrath, D.T.S., and the township was subdivided in 1896 by Mr. T.W. Chalmers, D.L.S. The lakes in the township were traversed in 1904 by Mr. M.W. Hopkins D.L.S., whose returns of survey show the lake in section 31 as on the official plan of the township dated 12th November, 1910.

While working in this township in 1909, Mr. H. S. Holcroft, D.L.S., made certain surveys affecting section 31 but he did not retraverse the lake. His field notes, however, indicate that its area had not changed to any extent.

We beg to acknowledge receipt of your favor of the 7th inst. in answer to ours of the 20th ultimo, in this matter we might state further that even if this was part of an island in the past (wich we don't know) it is not now, and it has not been for the last two years and possibly more and same joins our land at the present time. Further we might point out to your department, that this is the same piece of land for wich Mr. Jeremie Poitras had applied and wich he had been advised he could buy, but having sold us his land between time, he was then advised that this barred from purchasing it. So we presume that having bought and owning the joining land it entitles to the purchasing of the aforesaid land, ie. the fraction above described. Thanking you for areply at your early convenience.

MEMORANDUM:

Re N.W. & S.W. ¼'s
31-57-9 W. 4th M.

Referring to your memorandum of the 7th February 1915, which reads as follows:-

"E.O. Cote:
Re N.W. & S.W.¼s 31-57-9 W.4th.

When the Surveyor-General's report with regard to the area of the lake in the above mentioned land is received, kindly submit this case with your recommendation."

The Surveyor General reports that the waters of the lake have receded from the North-west quarter of this section and that the land in the South-west quarter is comprised as follows:-

The E. ½ of L.S. 3
All of L.S. 4
N.½ & S.E.¼ L.S. 5
The W. ½ of L.S. 6

shown outlined in yellow on the sketch attached and containing 109.40 acres.

On the 18th December, 1914, Mr. C.M. Gauvreau stated that he and his partner, the Hon. F.S. Lessard, had purchased the portion of the North-west quarter shown coloured pink on the sketch, which was patented to Jeremie Poitras on the 25th March 1912 and he, Mr. Gauvreau, applied to acquire, as joint owner of the patented portion the Islands in the West half of this section, shown coloured green on the sketch and stating that the land lying between these Islands and the parcel coloured red had receded.

On the 17th...

E.L. Cory, Esq., C.M.G.,
Deputy Minister.

On the 30th March, 1915, the Agent of Dominion Lands at Edmonton stated that he had received an application from Alex Corigle to homestead the South half of the North-west quarter of this Section and that the Homestead Inspector reported that the water had subsided therefrom.

On the 26th August, 1915, Mr. V. Quertin, who stated that he was the joint owner of the patented portion of this North-west quarter, applied to purchase the balance of the quarter section, as he stated that the waters had receded therefrom.

On the 24th September 1915, the Agent of Dominion Lands again wrote, asking what disposition was to be made of this quarter section, as Mr. Alex Corigle was anxious to secure entry for the South half.

Under the practice of this Department, the dried up area in a quarter section can only be disposed of to the registered owner of the patented portion thereof, and if such registered owner is not the homesteader of the land, it would have to be sold at a valuation to be placed thereon by the Homestead Inspector.

I beg to recommend that the unpatented portion of this quarter section formerly covered by waters and included in the islands, be sold to the registered owner or owners of the patented portion, at a valuation to be placed thereon by the Homestead Inspector.

Respectfully submitted,

Controller.

Honorable Ministre,

J'ai l'honneur de faire application pour l'obtention comme homestead du demi quart sud du quart nord ouest de la section trente et un (31), township cinquente sept (57), rang neuf (9) a l'ouest du quatrième méridien, en d'autres termes je veux prendre comme homestead les subdivisions legales onze et douze de la section trente et une ci-haut nommée. (The South half of the North-West quarter of Section therty one (31), Towhship Fifty seven (57), Range nine (9), West of the fourth Meridian.)

Je constate que ce terrain n'a jamais été reservé. Je suppose que le dit terrain était autrefois couvert d'eau en partie, comme l'indique une vieille carte d'arpentage.

Ce terrain a été arpenté l'automne dernier et sur la nouvelle carte on peut voir qu'il n'y a plus d'eau.

Je viens de parcourir à pied cette terrain et malgré les pluie torrentielles qui nous ont innondés dep is quelques jours, il n'y à qu'une étendu d'eau d'environ deux acres sur le dit terrain. Je constate aussi par une vieille carte que ce terrain était autrefois une île; or aujour d'hui il n'y a plus d'île ni eau entre la dite île d'autrefois et la terre ferme. Aujourd'hui tout le terrain est sec et très propice à l'agriculture

Après un examen detaillé et minicieux du terrain j'ai constate que le dit terrain est très propice à la culture et très avantageux a prendre comme homestead. Il ne n'y a personne en possession du dit terrain. Le gouvernement m'a donné des permis a foin pour le dit terrain et cette année, en ai coupé et mis a sécher plusieurs tonnes de foin sur le dit terrain en vertu d'un permis.

Considerant donc;

1. que le dit terrain est sec, d'une étendu suffisante pour une ferme, et très propice à la culture et à prendre comme homestead;

3. Que le dernier arpentage prouve que ce terrain n'est plus dans l'eau;et qu'il y a même des fractions au sud du dit terrain;

3777760

4. Qu'il n'y a pas d'occupant de ce terrain;

5. Que le d t terrain n'a jamais été reservé par le gouvernement:

6. Qu'il n'a jamais été pris comme homestead:

7. Que je suis majeure et n'ai jamais pris d'homestead:

8. Considerant que, dans mon humble opinion je ne vois aucune raison qui empecherait votre departement de ne pas me donner ce terrain comme homestead:

9. Considerant que ceux qui ont déjà demandé ce terrain comme homestead sont partis ou on pris d'autre quart;

~~10. Considerant que je paierai annuellement dans ce lieu~~

10. Considerant qu'il n'y a pas d'autres terrain propice à prendre dans le voisinage de Saint-Paul de Metis,et qu'il faut faire produire à la terre tout ce qu'elle peut rapporter afin de contribuer ~~dans~~ dans la mesure de nos forces à triompher de notre ennemis commun l'Allemagne;

Je prie humblement l'honorable ministre du departement des terres de me permettre de prendre ce terrain comme homestead et de me donner avis du jour ou ce terrain sera disponible pour homestead, en me faisant la faveur d'avoir le droit du premier applicant.

J'ai l'honneur de me dire votre humble serviteur,

The Honourable Minister of the Interior,
Department of Lands,

Honourable Sir,

I have the honour to make application for the obtaining as homestead of the South Half-Quarter of the North West Quarter of Section 31, Township 57, Range 9, West of the 4th Meridian, in other terms I wish to take as homestead the Legal Sub-Divisions 11 and 12 of Sec. 31, Tp. 57, Rr. 9, W. 4th M. I ascertain that this land has never been reserved. I suppose that the land was formerly partly covered by water, as indicated by the old survey maps. This land was surveyed last fall and on the new map one can see that there is no more water. I have just been over this land on foot and notwithstanding the torrents of rain which have deluged us for some days, there was only a tract of water of about 2 acres on the said land. I ascertain also from an old map that this land was formerly an island; but today it is no longer an island, nor is there water between the said island of former times and the mainland. Now all the land is dry and very suitable for agriculture. After a detailed and particular examination of the land, I have ascertained that the said land is very suitable for cultivation and very profitable to take as a homestead. There is no person in possession of the said land. The Government gives some hay permits for the said land and this year one named Poitras has cut several tons of hay on the said land by virtue of the permit.

Considering therefore:

1. That the said land is dry, in a sufficient area for a farm and very suitable for culture and to take as homestead;

2. That the last survey proves that this land is no longer in the water and that there are even some fractions to the South of the said land;

3. That there is no occupant of this land;

3777760

4. That the said land has never been reserved by the Govern-
ment;

5. That it never has been taken as homestead;

6. That I am of age and never have taken a homestead;

7. Considering that, in my humble opinion, I see no reason which would prevent your Department giving me this land as homestead;

8. Considering that those who have already asked for this land as homestead have left or taken another Quarter;

9. Considering that there is no other land suitable for taking in the vicinity of St. Paul de Metis, and that it is necessary to make the land produce all that it can yield in order to contribute in every measure of our forces to triumph over our common enemy Germany;

I humbly beg, the Honourable Minister of the Department of Lands to permit me to take this land as homestead and to give me notice of the day when this land will be available for homestead, giving me the favour of having the right of the first applicant.

I have the honour to call myself

With reference to your memorandum of the 31st ultimo hereunder, in relation to the application of Mr. J. William Beaudry to be granted homestead entry for the S.½ of the N.W.¼ of Section 31, Township 57, Range 9, West of the Fourth Meridian, otherwise described as Legal Subdivisions 11 and 12 and shown on the sketch beneath, I beg to inform you that this land is not available for homestead entry, it being contrary to the invariable practice of the Department in cases of this nature where a formerly submerged portion of a quarter section has become wholly and permanently dry to dispose of the same to any other than the registered owner of the patented portion of the said quarter section.

In this connection, I would point out that the portion of the said N.W.¼ of Section 31, shown on the sketch coloured yellow, was patented in March, 1913, to Mr. J. Peitras, and in accordance with the Minister's decision as endorsed on my memorandum of the 9th June last, the portion of the said quarter section, shown on the sketch outlined in green, which was....

was formerly covered by water and has now become permanently dry, has been authorized to be sold to Messrs. Leggard and Guertin, who have filed evidence of ownership of the patented portion, at the Homestead Inspector's valuation of $10.00 an acre.

Prior application from Mr. Alex. Corigle to be granted homestead entry for the land in question was not granted, Mr. Corigle having been advised that it would be contrary to the Departmental practice to favourably consider his request.

Dear Sirs:

RE: DOUGLAS vs. [illegible].

Some time previous to March 1911 a certain amount of trafficing in the sale of unpatented lands took place in this neighborhood between the defendant in this action and certain half breeds. Eventually the Government by Order in Council appointed a Mr. Bannerman of, we believe, the Department of the Interior to investigate the different charges. Some of the lands mentioned in the proceedings before Mr. Bannerman were the South half of Section 30, Township 57, Range 9, West of the Fourth Meridian; the fractional N.W. of Section 31, Township 57, Range 9, West of the Fourth Meridian; and the fractional South half of South West of Section 6, Township 58, Range 9, West of the 4th Meridian, all in the Province of Alberta.

The above action is one in which the plaintiffs (half breeds) are moving to set aside a certain agreement made in January 1911 between their deceased father and the defendant, and consequently all the transactions between the defendant, Hopkins, and the half breeds will be most useful to us. We should therefore be obliged if you would please search at the Department of the Interior or the Department of Justice and examine the record and the evidence which was taken before Mr. Bannerman under and by virtue of the said Order in Council, and forward to us immediately an abstract of the same in each case in which the defendant is implicated.

If your examination should reveal any further information which might be useful to us on an examination for discovery or a cross examination, please forward this material also. As we have been somewhat slow in bringing this action to trial we should be obliged if you would please give this matter your immediate attention so that we can proceed without delay.

Yours truly,

Dear Sir,-

Re: Poitras vs. Hopkins.

In reference to my conversation with you this morning I am enclosing herewith a copy of a letter received by our Firm from Messrs. Buckley & Glanville, Barristers, Etc., of St. Paul De Metis, Alberta, dated November 15th, 1922.

We shall be very much obliged if you can obtain for us a statement showing what action your Department has already taken in regard to the lands mentioned, and what the present position of the holders is.

COMMISSIONER

Memorandum.

I submit for your consideration a letter from Messrs. Chrysler and Chrysler on behalf of their correspondents, Messrs. Buckley and Glanville, Barristers, of St. Paul de Metis. The latter desire certain information in reference to cases which were investigated by this Department in 1911 where certain half-breeds had been trafficking in their homesteads prior to the issue of patent.

This file shows that on the 23rd February, 1911, an Order-in-Council was passed authorizing Mr. J.A. Bannerman, Assistant Inspector of Dominion Lands Agencies, to investigate under oath a number of cases of half-breeds who were alleged to have sold their lands to Messrs. M.W. Hopkins, D.L.S., and E. Poitras of St. Paul de Metis.

Mr. Bannerman duly investigated these cases and reported that in twelve cases the half-breeds admitted trafficking in their lands. Of these twelve, Jeremie Poitras was one.

The Minister ruled that where trafficking had been shown, the entry would require to be cancelled, but that forfeiture of the right of homesteaders would be waived and authority granted to re-enter for the lands within ninety days.

In pursuance of this ruling the entry of Jeremie Poitras covering the fractional N.W.¼ 31-57-9-W.4th M., and the S.½ of the S.W.¼ 6-58-9-W.4th M. was cancelled and he made a new entry for the same land as a homestead on the 13th November, 1911, and obtained patent in the ordinary course in 1912.

It would now appear that Messrs. Hopkins and Poitras are endeavouring to maintain the validity of the agreement made by Jeremie Poitras (now deceased).

It is not plain on whose behalf Buckley and Glanville are acting, but I presume it must be on behalf of the Estate of the homesteader, Jeremie Poitras.

The agreement in question was null and void by reason of Section 31 of the Dominion Lands Act.

Messrs.....

J.W. Greenway, Esq.,
Commissioner of Dominion Lands,
O t t a w a.

Messrs. Buckley and Glanville refer to two other quarter-sections, namely, the S.W.¼ and S.E.¼ of Sec.30-57-9-W.4th M., but neither of these quarter-sections were included in Mr. Bannerman's report. The S.W.¼ 30 was taken by Narcisse Cardinal in 1914 and he obtained patent in 1919.

The S.E.¼ 30 was homesteaded by J.B. Charlebois in 1919. Dr. Charlebois abandoned, and the land was taken by H.E. Tessier, a returned soldier, as a homestead on the 23rd September, 1920. Tessier's entry still stands uncancelled.

Under ordinary circumstances the answer to be made to Messrs. Buckley and Glanville would be that information of the kind asked for, is only given to the administrator or his agent, and that if they want any information they must show that they are acting for the Estate of Jeremie Poitras. It might do no harm, however, to advise them that any agreement made by the late Jeremie Poitras was null and void under the Dominion Lands Act.

Respectfully submitted,

APPROVED

Sirs,

Re - Poitras vs. Hopkins.

I beg to acknowledge the receipt of your letter of the 21st ultimo, enclosing a copy of a letter from Messrs. Buckley & Glenville, Barristers, of St. Paul de Metis, Alta. I note that Messrs. Buckley & Glenville desire certain information in reference to cases which were investigated by this department in 1911, where certain half-breeds were alleged to have sold their land to Messrs. M. W. Hopkins, D.L.S., and J. Poitras of St. Paul de Metis.

I might say that information of the kind asked for by Messrs. Buckley & Glenville is only given, under the practice of this department, to the homesteader or his agent, and before any statement could be made it will be necessary for your correspondents to show that they are acting for the estate of Jeremie Poitras.

I may say, however, in any event that any agreement made by Jeremie Poitras, purporting to mortgage, assign or transfer his homestead or any part thereof, prior to the issue of patent, was null and void under the provisions of the Dominion Lands Act (Section 21, of Chapter 20, of the Statutes of 1908).

Dear Mr. Lessard,

I am in receipt of your letter of the 11th instant, in the absence of Mr. Cory, with respect to your desire to purchase the fractional North West quarter of Section 31, Township 57, Range 9, West of the 4th Meridian, which was under water at one time, and intimating that in your opinion it is not worth more than $3.00 an acre.

Some years ago the Department had one of its inspectors value the land and the rate of $10.00 per acre was placed upon the property.

However, in view of your representations the Department will have a further investigation and re-valuation and I will have you advised of the decision.

Sir:

By my letter of the 22nd November, 1916, Messrs. Lessard & Guertin were advised that they might purchase the unpatented portion of the N. W. ¼ of Section 31, Township 57, Range 9, west of the 4th Meridian, containing 73.80 acres at the rate of $10.00 an acre, the valuation placed thereon by Mr. Homestead Inspector Gray in his report dated the 16th August, 1916.

This land has not yet been paid for in full, and recently the Honourable P. E. Lessard requested a re-valuation thereof. It is desired, therefore, that you detail a Homestead Inspector to visit the parcel in question when in the vicinity and furnish the Department with a statement of the actual value per acre of the land, taking into consideration the value of the surrounding lands and the value of privately owned lands in the vicinity.

With further reference to your letter of the 2nd September last, and Mr. Constantineau's previous letter of the 6th August preceding, I am to advise you that the standings of these lands are as follows.-

The N.½ of the N.E.¼ 31 is partly a patented homestead and the balance is under sale to the owner of the patented area.

The N.½ of L.S.9, See 31 is reserved for public grazing and the remainder appears to be under water with the exception of a very small fractional parcel in the S.E. corner of L.S. 10, which appears to be clear.

The N.W.¼ of Section 31 is partly a patented homestead and the balance of the quarter-section is under sale to the owner of the patented parcel.

The N.E.¼ of L.S. 8 in the S.E. 31 is reserved for public grazing and the balance of the quarter-section is lake with the exception of two small islands.

The S.W.¼ 31 is under homestead entry.

The N.½ 32 consists of lake.

The N.½ and S.W.¼ of L.S.14, See 32 appears to be clear, part of the E.½ of L.S.13 was leased patented and the balance of this half legal subdivision is under sale to the owner of the patented parcel. The balance of these two legal subdivisions, 13 and 14, appears to be lake.

The fractional S.½ of L.S.12, See 32 is reserved for public grazing and the balance of this legal subdivision and L.S. 11 are covered by lake.

The fractional S.W.32 is reserved for public grazing.

As you will see by the above descriptions, there is practically no land available and only a small parcel is reserved for public camping purposes. In view of your representations, however, the question of the reservation for public camping purposes is being referred for the consideration of the Controller of the Timber and Grazing Lands Branch of this Department and you will be further advised in this regard.

OTTAWA, 30th January, 1920.

Sir:

With further reference to your request for a revaluation of the accrued dried up land in the S.E. of Section 31, Township 57, Range 9, west of the 4th Meridian, which you and Minnie Virginia Martin were permitted to purchase in November, 1916, at the rate of $10.00 an acre, I beg to say that the report called for in connection therewith has been received, and it has been decided to reduce the price of this land to $8.00 an acre.

According to the latest plan of survey of the township a road comprising 1.70 acres crosses the parcel in question which makes a net area of 71.30 acres which you are permitted to purchase.

Either the whole of the purchase money should be forwarded to the Agent of Dominion Lands, Edmonton, to whom a copy of this letter is being sent for his information, on or before the 1st March next, or one-fourth of the amount within that time limit and the balance in three equal annual instalments with interest thereon at the rate of 6% per annum. On any overdue instalments, however, the interest to be charged will be at the rate of 7% per annum.

I may add that the sale of the said land will be subject, prior to the issue of letters patent therefor, to the right of the Province of Alberta to take for road purposes, without compensation, such land as may be required not exceeding 5% of the total area, and also to take for right of way for railway purposes, without compensation, such land as may be required not exceeding 1% of the total area. In the event of a deduction in area being made for either or both of the above mentioned purposes, your account will be adjusted accordingly.

at $[illegible].00 an acre in connection with the patented portion of the quarter section, but a revaluation of the land was promised and in January last the purchase price was reduced to $[illegible].00 an acre.

If a sale is authorized it will require to be subject to the applicant having filed here an assignment executed by Mr. Garneau transferring his rights and interests in the accrued land in Legal subdivisions 15 and 16 of Section 31 and the N.½ of Legal subdivision 14 of Section 31, (coloured green on the sketch), together with the usual fee of $[illegible].00.

To the Deputy Minister,

Under the circumstances and in view of the fact that the applicant has filed an abstract of title showing he is the owner of the patented portions of the N.½ of N.E.¼ 31 and the N.½ N.W. 12 of 32, I beg to recommend that Mr. Charron be permitted to purchase the land applied for, coloured yellow on the sketch, containing 87.9 acres, without requiring him to file an assignment from Garneau to himself of the formerly submerged portions of the adjoining lands, at the rate of $6.50 an acre, being the valuation of Land Inspector Cunningham, who also recommends the said land be sold to Mr. Charron.

A telegram was recently received in this case urging an early decision as the applicant requires the land for his stock.

Lot 1 subdivision 8 and the N.½ of Lot 1 subdivision 9 of section 31, comprising a total area of 87.9 acres, shown on the sketch enclosed is crown, which land was reserved for various graxing purposes. In view of Chatton's representations that there is no new necessity for the reservation the timber and grazing lands Branch procured an Inspector's report, the same to deal with the necessity of the reservation and the application to purchase the land in question.

This report on file dated 1.8.[illegible] herewith, states:-

"In my opinion the reservation of these fractions is "no longer required for general grazing purposes as there is "much less stock in the vicinity. These lands being of poor "quality, very stony with shallow clay loam and clay and "gumbo subsoil. Also subject to flooding for short periods "in wet seasons. Are not for agricultural purposes, may be "homesteaded under the stock clause of the regulations. "The lands are suitable for grazing or hay cutting purposes "in most parts. There would appear to be between 70 and "80 acres of the fractions are dry. Taking into consideration "the quality and val of these and other lands in the vicinity, "I would consider six $6/[illegible] to be a fair price for these "fractions at this date. Mr. Chatton is a bona fide settler "and informs me that he owns all the patented land in the "of sections 31 and 32 in Tp.27-3-[illegible]. In my opinion these "lands should be sold to the applicant."

In the 5th ultimo, the reservation was withdrawn and the land made vacant and available.

The topographical survey shows [illegible] to be [illegible] that Upper Therien Lake, which affects the land in question, is classified as permanent and subject to slight variations. The shore is the [illegible] of section 31 is steep and the water quite deep so that the actual shore line was shown on the township plan. The water in the [illegible] of section 31 is not so [illegible] the shore is subject to slight variation. It is deep and [illegible] shown in almost parts. The notes accompanying this report are in copies from the latest plan of survey of the township dated the 16th April, 1918.

Mr. Chatton is very anxious to have an early decision in the matter in order to start fencing.

According to the practice of the Department sales of such lands are restricted to an area of 80 acres or less to the owner or homesteader of land upon considerable alienation.

Incidentally I may say that in [illegible] 1918, the Honorable [illegible] agreed with [illegible] granted privilege to purchase the entered land in the S.E. of said Section 6 containing a net area of 7[illegible].40 acres

Application of Pierre Charron to purchase certain portions of the S.½ of Section 21 and the S.½ of Section 22, Township 57, Range 9, West of the 4th Meridian. Shown on the sketch attached colored green and brown.

I beg to submit for your consideration the application above referred to. In accordance with the decision as endorsed on the memorandum of the 24th October, 1924, noted on file hereinafter, advance payment was permitted to purchase the Soldiers' Grant lands in local subdivisions 13 and 14 of Section 21 and in the S.½ of equal subdivisions 13 and 14 of Section 22, comprising a total area of 18.97 acres, shown on the sketch colored green, at the rate of $7.00 per acre, subject to filing evidence of ownership of the patented portions of the same quarter sections. The land was sold for in full, $132.85 principal and $41.85 interest, but the required evidence of ownership has not been filed. In making the final payment Mr. Gilbert A. By your letter of the 22nd July last, (file [illegible]) you advised that before the issue of letters patent could be proceeded with, the Department required that evidence of Charron's ownership of the said patented portions be filed, together with an assignment executed by Berthon, transferring his rights and interest in the land to Charron, and the usual affidavit for use of P.P.

Mr. Charron refused to comply with these requirements, but later filed the abstract of title as noted above showing the said patented land to stand in his name.

Memorandum

N.W. of 32--27--2, W. 4th M.

With reference to the sale of that portion of the quarter section above referred to, coloured green on the sketch noted on file 461074, to Mr. Lawrence Germain, I beg to say that in accordance with my recommendations as contained in my memorandum of the 16th July last, marked, letters patent were issued for the said portion, coloured green in favour of Mr. Pierre Cherron, the same having subsequently been cancelled.

May I point out in this connection that I made such recommendation in view of the interpretation which I put on your recommendation to the Deputy Minister on the memorandum of the 26th June last, and, under the circumstances, it seems to me that such action on my part may be considered justifiable. In this connection I would call your attention to the fact that Mr. Germain was permitted to purchase the land in question subject to his filing evidence of ownership of that portion of the said quarter section shown on the sketch outlined in red. Mr. Germain failed to comply with this requirement and made payment only on account of the sale of $37.65.

Mr. Cherron had in the meantime made payment of the sum of $320.00 in connection with his desire to acquire the said portion coloured green, and in his letter of the 16th June Mr. Gilbert La Ame, on behalf of Mr. Cherron, forwarded the balance.....

S.V. Cotd. Mem. 1.6.7.

balance due of $16.00 referring to Mr. Charron as the purchaser of the land from Lawrence Garneau.

As I have already mentioned, in view of all these facts and of the interpretation which I put on your recommendation to the Deputy Minister, I considered that no further action in the matter was necessary and that patent should, in view of the Deputy Minister's approval of your recommendation, be issued to Mr. Charron.

However, in view of my apparent mis-interpretation of your recommendation, there would appear to be open to the Department one of the two following courses, and I would request you to kindly state which action, if either, you desire to have taken, other persons having enquired respecting the disposal of the land, Mr. La Rue in his letter of the 20th ultimo also having enquired as to what further action requires to be taken in order that letters patent might be issued to Mr. Charron.

It appears that Mr. Charron should either have filed here an assignment from Mr. Garneau to himself of the former's rights and interests in the said portion, coloured green, when the issue of letters patent to him therefor might be proceeded with, or that the sale to Mr. Garneau might be cancelled, the money ($67.85) paid by him to be forfeited to the Crown, the land then entered in our records as a sale in Mr. Charron's name, in which event, he would require to be advised that upon completion of the payment of the balance which would then be due, letters patent would be issued to him.

Memorandum:

R. A. Gibson, Esq.,
Assistant Deputy Minister,
Department of the Interior.

Enquiry of Prof. Giroux,
re Half-Breed Report.

Attached hereto are the files quoted by Professor Giroux, of Paris, France, in connection with his request for permission to see a report dated the 22nd January, 1909, by Mr. Samuel Weber to The Hon. Frank Oliver, then Minister of the Interior. The report was made following a visit to the St. Paul des Metis reservation in company with Inspector Bannerman.

The Professor intimated that he was engaged in research work for the Rockefeller Foundation, and had spent considerable time in examining records here in Ottawa and also in Edmonton. He referred to the Metis Commission, at Edmonton, looking into half-breed affairs, and it would appear Mr. T. C. Rankine, Secretary to the Commission, had referred the Professor to this Department for the particulars he desired.

You explained to the Professor the Departmental policy of turning over to the Archives old documents which might be of public interest, and added that the files in this instance would be drawn and it would be decided whether the document he wished to see could be made available.

The original report in this case is on Volume 2 of File 360530, also attached hereto, and there is with the report a schedule which the Professor particularly desired to see. It is observed that a copy of the report without the schedule was sent to Mr. Rankine, mentioned above, on the 6th April, last.

In view of the fact that further enquiries in this respect may be made by the Metis Commission, I doubt whether it would be advisable at this time to turn the above report over to the Archives. There does not appear to be anything in the report or schedule from which Professor

Giroux could obtain any damaging information, and I would suggest that they be removed temporarily from the file and he be permitted to examine them in this office.

MEMORANDUM.

Mr. Mitchell.

Re claim of Corbett Trottier,
St. Paul de Metis Half Breed
Reserve.

Corbett Trottier claims he has a right to the E.½ of S.W. of 9-58-9, W. 4th, the half breed grant of Louis Garneau. This parcel of land was occupied at one time by Joseph Trottier, father of Corbett Trottier.

The evidence given to me in this matter, when investigating the affairs of this Reserve in 1908 and 1909, reads as follows:-

"He (Louis Garneau) came to St. Paul the same year "as I did, six years ago. He bought this "claim from the heir of the late Joseph "Trottier deceased, that is, he bought the "improvements on the place. He paid $75.00 for "the same with the consent of the Mission and "he had the authority of the Mission in taking "up the claim."

Corbett Trottier appeared before me and made his claim and received his own grant as a half breed occupant of this Reserve. I have no record or recollection of Corbett Trottier, by virtue of being an heir of his deceased father, disputing the claim of Louis Garneau. If his claim had been made, from the circumstances of the case as far as I know, the claim of Trottier would not have been allowed.

This Half Breed Reserve, comprising four townships, was inaugurated by Father LaCombe as a Half Breed Colony and held by the Church as a leasehold tenure. It was decided to give up this colonizing attempt and the Department in 1909, settled with the claims of half breed occupants and threw open the balance of the land. My instructions are contained in the letter of the 23rd June, 1909. Only half breed occupants were recognized. These occupants had no legal rights in connection with the Reserve. They were simply tenants by permission of the Mission authorities. Many half breeds have come and gone

gone and many have died. Such claims were not recognized. The maintenance of residence and occupation on the Reserve was essential to the recognition of the claim.

Joseph Trottier lived for some time on the parcel in question. He died and his heirs, or some of his heirs, sold the improvements such as they were to the Garneaus. This sort of thing was frequently done on the Reserve supervised by the Mission.-

In letters, which Corbett Trottier is now writing, he claims that his father, just before dying, gave him the improvements and his claim.

> "I have never ceded my right to
> "to any one. The party now claiming it,
> "i.e., Garneau, I am creditably informed
> "claims to have obtained from my brother.
> "(My said brother had no right to dispose
> "of this land.)"

The fact that his brother or other heirs may have sold his improvements without his consent would not affect the case at all. Neither his father nor the heirs had any legal standing or right with respect to the parcel claimed.

Sir,

In compliance with the request contained in your letter of the 20th March last, H.O. File No. 1609006, regarding making an investigation as to performance of Homestead duties performed by the Homesteader William Cardinal, upon the W 1/2 of the NW 1/4 of 30-57-9 West 4th, which was alleged to lie within the boundaries of the St. Paul des Metis reserve, subject to the usual homestead duties. I beg to say that I held an investigation on the 19th ult., at St. Paul des Metis, and examined the homesteader in question, and found that the duties were only performed at least as fast as possible regarding the cultivation. Yet I may state that in the course of the examination I found that the Homesteader had been trafficking the land prior to obtaining his Patent. This I think the evidence will show. While I have no doubt the transaction was carried out through ignorance on the part of the homesteader, and through pressure brought to bear on him by his relatives, still I consider it is a case well worth looking into. I may say that I could get no XXXXXXXXXXXXX evidence of any sort to corroborate the statement given by Mr. Cardinal, and of course I take no opinion on the case entirely on the evidence, which I think is clear and explicit, although no doubt if Madame Boyer and Patrick were compelled to appear in the Territory,

Sir,

W.† of N.O.† 30-57--5 West 4th.

Referring to the Halfbreed grant subject to homestead duties in favour of William Cardinal, entry dated 25th March 1909, I beg to say that this case was recently investigated and it was found that the homesteader had been trafficking in his land prior to obtaining his patent.

It has now been decided that the entry will require to be cancelled and you are hereby authorized to take this action.

As it is shown that this settler entered into the agreement to sell through ignorance, forfeiture of his right to take up another parcel of 80 acres as a Halfbreed grant subject to homestead duties may be waived, and you are authorized to allow him ninety days within which to re-enter for this parcel of land on the ordinary terms.

If the settler re-enters for the same land his new entry will be on the same footing as the previous one,- that is is to say, he may count any duties performed previous to date of entry and will not be required to wait for three years before applying for patent.

Please advise him that if he wishes to enter for an equal area of available land elsewhere he may do so, presenting your letter as authority.

As it was shown, however, that you entered into an agreement to sell through ignorance, the Department has waived the forfeiture of your right to re-enter for a homestead and you are hereby given 90 days from this date within which to make re-entry on the above described land on the ordinary terms.

Ottawa, February 21st, 1948.

W.J.F. Pratt, Esq.,
Private Secretary to the
Minister of Mines and Resources,
Ottawa.

Dear Ford:

Thank you for your letter re Goodfish Lake Sub-Agency.

I have a request today from Mr. John MacLean, Post-master at Sputinow, Alberta, to try to ascertain the age of one William Cardinal, son of Gabriel Cardinal and Marie Bruneau, who believes that he has reached the age of seventy and is entitled to old age pension. They are unable to find any valid proof of age. It appears that he was baptized by a missionary visiting the half-breed settlement and they are unable to recollect where and to find the place where records were made of the baptism, etc. etc.

I have advised them that under the new Regulations of the Old Age Pension, the Provincial Department is expected to lend all possible help to applicants in ascertaining their age instead of placing the onus on the applicant himself as applied until last year.

You will want to know how this concerns you. Well, Mr. MacLean believes that Mr. Cardinal's age might be ascertained by looking over the old records of the issue of scripts. According to their recollection, William Cardinal would have been granted his script around 1903-1904, and they believe that the records made at that time would show his age.

(Over)

I wondered which Department would be in a position to give this information, and decided that it was yours. Would you kindly have this matter looked into as I am very anxious to be of service to Mr. Cardinal, the head of a very large family in that part of Athabasca.

I, for one, admit that you are accuainted with matters in the Indian Affairs Department as well as in the whole Department of Mines and Resources to a much greater extent than any other person, no matter what Mr. Harkness or any other man of the same colour may think.

Thank you for your usual kind attention.

Dear Mr. Gibson,

Please find herewith the original baptismal certificate of William Cardinal of Smithmow, Alberta, forwarded to this office with your letter of June 4th.

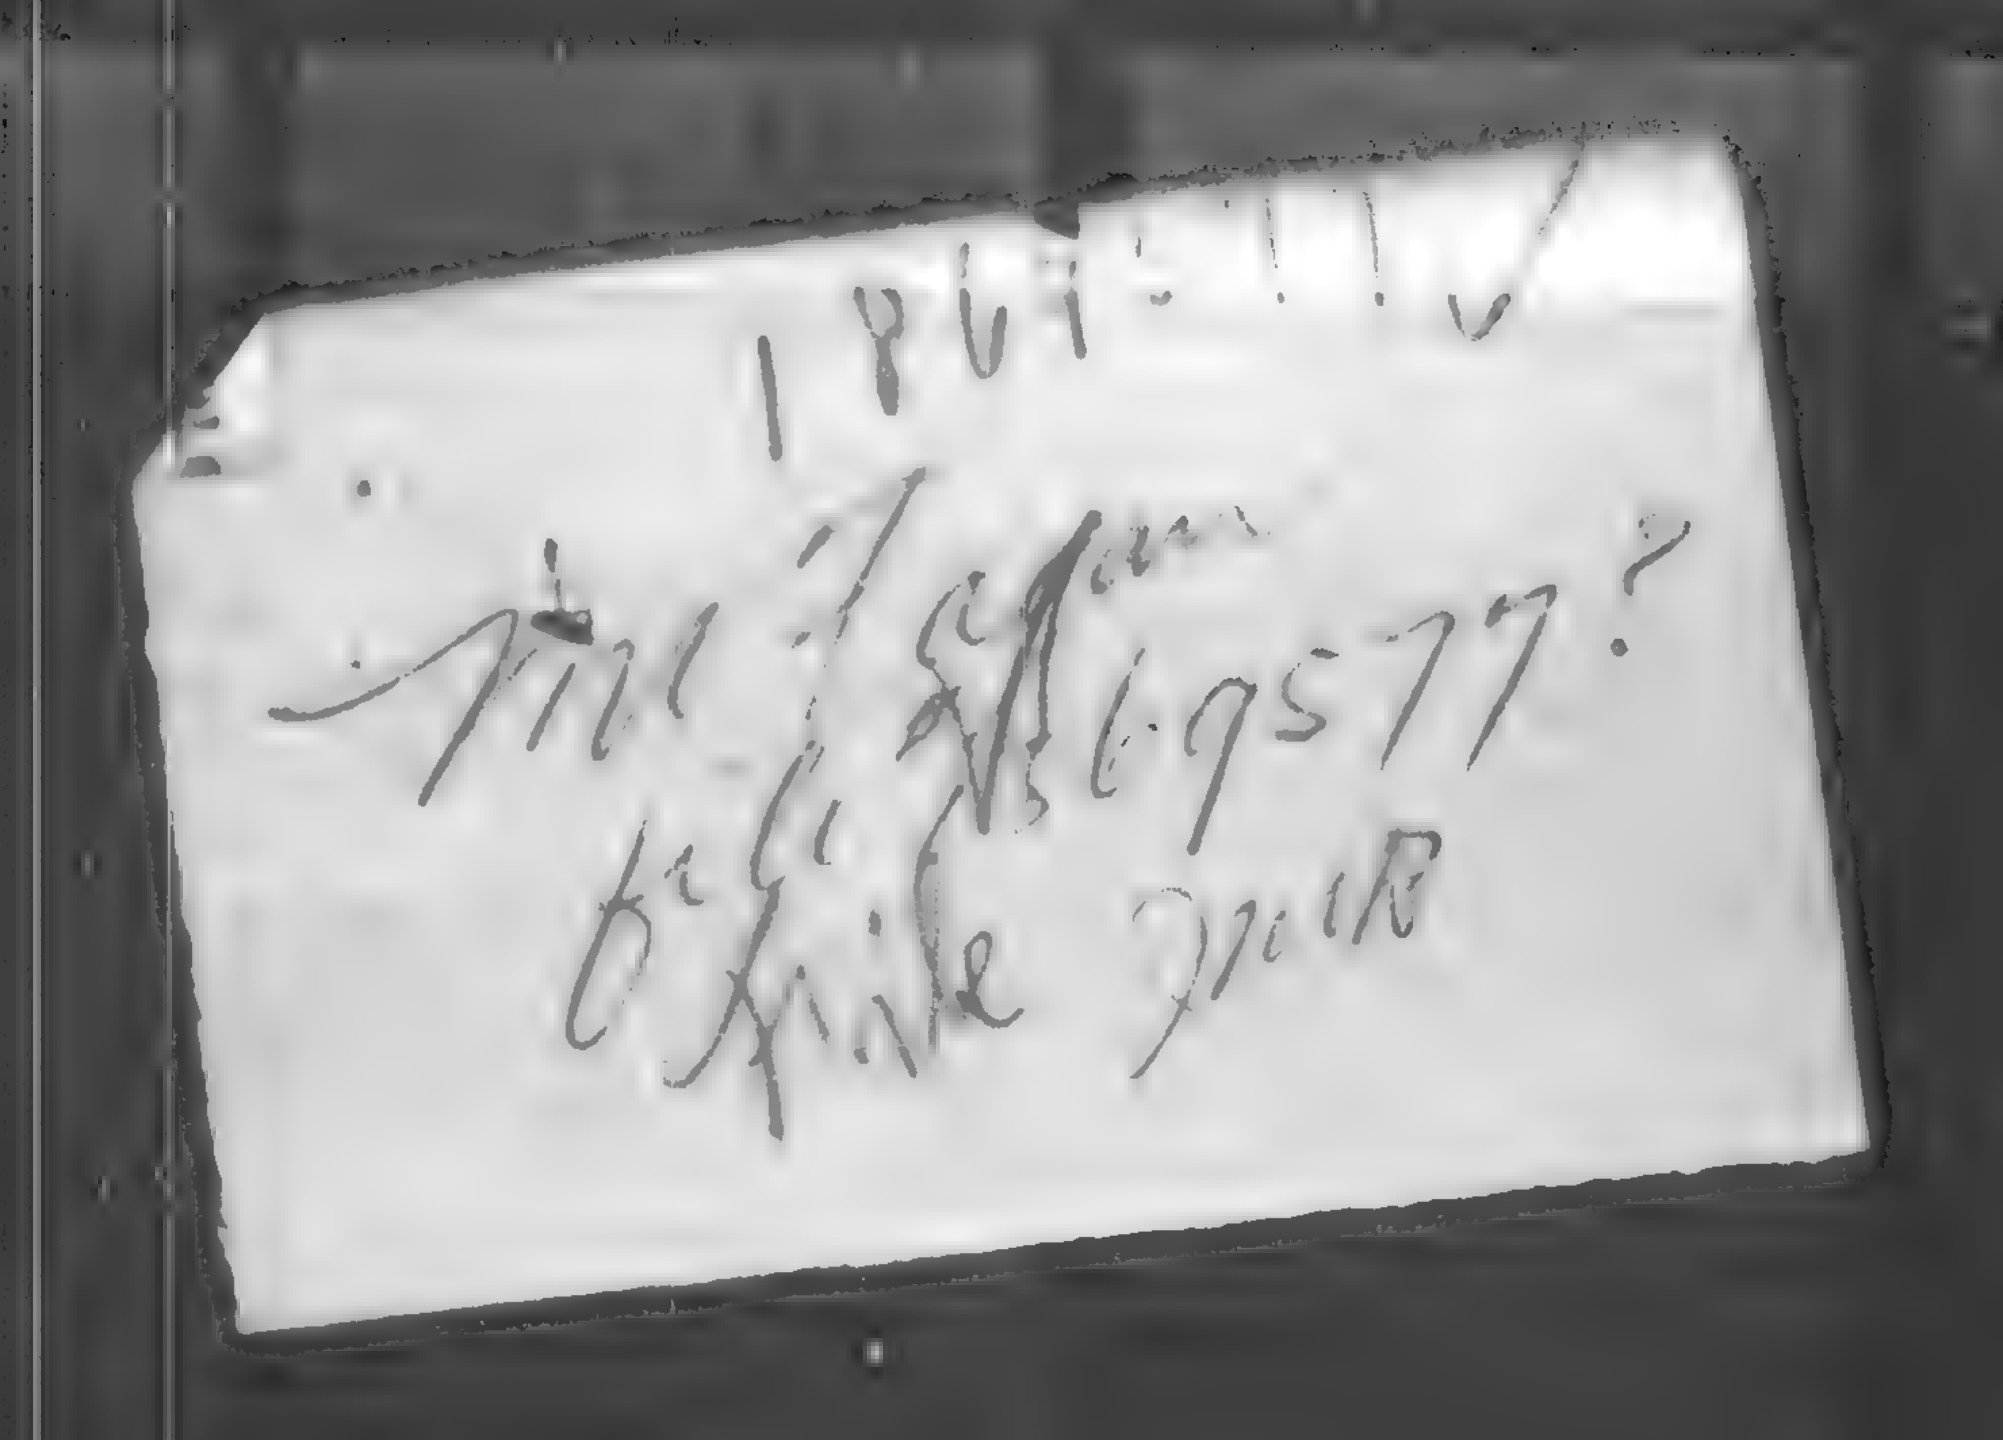

It seems that the baptismal certificate was borrowed some time ago from Mr. W. J. F. Pratt, then Private Secretary to the Honourable J. A. Glen, by Mr. J. M. Dechene, M. P., at the request of the Old Age Pensions Board, Edmonton, Alberta. Apparently this certificate was considered as the only satisfactory evidence that Mr. Cardinal had attained pensionable age. However, as the document has now served its purpose with regard to old age pensions, it is returned to you to be again filed with the records of your Department.

Yours truly,

I, Olivier Laderoute of St Paul des Metis in the Province of Alberta, farmer, make oath and say:

Daniel Laderoute, my son, is twenty eight years of age. His mother is Isabelle Dumont. He is married to Adelaide Pardeau four years; no issue. He got scrip at Battleford in 1900. He is a halfbreed.

He came to St Paul des Metis four years ago last spring. He squatted here and settled on the west half of the north east quarter of section six in Township fifty eight in range nine west of the fourth meridian with the consent of the commissioner as a halfbreed head of family. He settled on this land and commenced residence thereon in the spring of 1906. They he have lived there all the time except when away freighting. They lived with me short periods. That was and is their home during that time. They left a few days ago hunting rats on the reserve. They are still on the claim: they are only away temporarily.

His improvements on the land are as follows: log house 20 x 22 worth two hundred dollars: log stable 18 x 20 worth sixty dollars: log storehouse 16 x 18 and lean to 10 x 18 worth sixty dollars: time other buildings worth forty dollars

He owns ten cattle. He owns four horses.

He has broken about ten acres, broken in 1908 not cropped.

Daniel never had a homestead patent and never made a homestead entry. He would like this quarter as a homestead.

Copy for H.S.186578.

Sir:-

I beg to acknowledge receipt of your letter of the 20th.inst., asking if you are entitled to file on a homestead in view of the fact that you have already been granted patent for the N.½.6-38-9, W.4th., as a half breed claim. According to the information which is available here, the half breed claimants in the St.Paul des Metis Reserve were given the option of a claim for eighty acres in the Reserve retaining their homestead right to entry for 160 acres elsewhere.

It is noted however, that your half breed grant was for 160 acres and I am therefore asking the Department to kindly advise me if you are entitled to homestead a full quarter. You will be further advised in due course.

Your obedient servant,

MEMORANDUM:

Mr. Nagle.

Re NW¼ 6--58--9--W.4th.

The question is asked whether Dan Laderoute is entitled to entry for another homestead. He is not entitled to another homestead. Claimants of the St.Paul de Metis half-breed reserve were entitled to a free grant of 80 acres, but not more than 80 acres. Some of the half-breeds had homesteads outside of the Reserve in addition to the 80 acre claim in the reserve, consequently it was decided that any half-breed might receive patent for his 80 acre allotment in the reserve and also retain his ordinary homestead right outside of the reserve; but if any half-breed not having a homestead elsewhere desired to enter for a full quarter section within the Reserve, including his 80 acre allotment, he was given the privilege of doing so, thus exhausting his homestead right as well as his claim to any 80 acre allotment. The reason for this was that the land within the reserve was much more valuable than homestead land and there was a large public demand for vacant lands within the reserve, consequently if any half-breed wished to exercise his full homestead right within the reserve he could do so by entering for the full quarter section but not more. You will observe that in the application for entry made by Dan Laderoute he applied for the entry as a homestead and the phrase is added "in satisfaction of my claim and of my homestead right".

I own three cattle and four horses;
This is same number of stock last year. I had four horses when I came here but no stock.

I have three acres broken, about three acres; I broke it a year ago last summer. I have not cropped it.

I have a received a homestead patent; township fifty five range seventeen west fourth. I got the patent about a year before I came here.

I made a mistake in saying I came here four years ago next spring. I came here three years ago last spring. I have written here four months not including this month. The first month I went from his house and lived with my father. The other three months I stayed on my claim. Excepting that month with my father we have lived on the land all the time.

Sir,

In compliance with the request contained in your letter of the 20th March last, H.O. File No. 1080006, regarding holding an investigation on the performance of Homestead duties performed by Joseph Lacourse, upon the W 1/2 of the N.W. 1/4 of 6-56-9 West 4t which was allotted to him within the boundaries of the St. Paul des Metis pasamyo, and subject to the usual homestead duties. I beg to say that I held an investigation on the 19th ult., at St. Paul des Metis, and examined the homesteader in question, and found that his duties were being performed at least as fast as possible regarding the cultivation, but I may state that in the course of the examination I found that the homesteader had been insufficient his bonds prior to his obtaining his Patent. This I think the evidence will show. While I have no doubt the transaction was carried out through ignorance on the part of the homesteader, and through pressure brought to bear on him by his advocate, still I consider it is a case which merits looking into. I may say that I could put no evidence of any kind to disprove the statement given by Mr Lacourse, but of course I gave my opinion in the case entirely upon his evidence, which I found to clear and truthful, although my Agent at Midland supplied and Police were dissatisfied I am sure they would deny that any such transactions took place between them and Mr Lacourse. I may say

The Secretary,
The Department of the Interior,
OTTAWA.

I have/

that Mr Lederman had no papers of any description to substantiate his statements. I informed the homesteader that I could not give him any decision as to the outcome of his case with the Head Office, and I would recommend that Messrs Hopkins and Pattman be prosecuted, if possible, and as I stated previously I consider that the appearance of Mr Lilicente, being a half breed, was worked upon to bring the deal as practical to a close.

Sir,

W.½ & N.W.¼ of 8-38--9 W.4th.

Referring to the Halfbreed grant subject to homestead duties in favour of Joseph Ladecoute, entry dated 23rd March 1909, I beg to say that this case was recently investigated and it was found that the homesteader had been trafficking in his land prior to obtaining his patent.

It has now been decided that the entry will require to be cancelled and you are hereby authorized to take this action.

As it is shown that this settler entered into the agreement to sell through ignorance, forfeiture of his right to take up another parcel of 80 acres as a Halfbreed grant subject to homestead duties may be waived, and you are authorized to allow him ninety days within which to re-enter for this parcel of land on the ordinary terms.

If the settler re-enters for the same land his new entry will be on the same footing as the previous one, that is to say, he may count any duties performed previous to date of entry and will not be required to wait for three years before applying for patent.

Please advise him that if he wishes to enter for an equal area of available land elsewhere he may do so, presenting your letter as authority.

Sir:-

I am directed to inform you that in view of the fact that it has been discovered that you have been trafficking in your land prior to obtaining patent your entry for the W.½ of the N.W.¼ of 6-58-9-W.4th M. has been cancelled in the records of the Department.

As it was shown, however, that you entered into an agreement to sell through ignorance the Department has waived the forfeiture of your right to re-enter for a homestead and you are hereby given 90 days from this date within which to make re-entry on the above described land on the ordinary terms.

If you re-enter for this land your new entry will be on the same footing as the previous one, that is to say, you may count the duties performed previous to the date of the new entry and you will not have to wait three years before applying for patent.

Sir,

I am [redacted] to remind you of the conditions upon which you secured entry for the E.½ of the N.W.¼ of 1-58-10-W.4th as your allotment as a Halfbreed occupant of the St. Paul des Metis Reserve.

The authority of the Governor in Council which issued to the Department for the making of these grants provides that the residence in connection therewith must be performed on the 80 acre allotment. It will be necessary for you to arrange to put in your residence upon the actual 80 acres which stands in your name and the Department has no authority to permit you to do otherwise, and unless you go into residence and complete the duties in accordance with the conditions of the grant it would not be possible for the Department to protect your entry against cancellation proceedings.

Sir:-

I have to acknowledge receipt of your letter of the 18th instant, your file No. 18695-5, in connection with reservation for roadway in the North West ¼ of Sec. 3, Tp. 58-9-4.

On going further into this matter it is found that our letter of October 17th was in error. It has now been ascertained that under date of October 20th, 1908, your file No. 1020499, reservation was noted in your Department, our Plan No. 1464 being recorded by you as No. 13985. Under the circumstances, your letter of October 3rd is not quite understood, the only road which we have any reason to require reservation for in the North West ¼ of Sec. 3, Tp. 58-9-4, being that which has already been noted in your Department and plan covering which has been recorded in your office as No. 13985.

MEMO. Mr Cote

Re road reservation in this case.

I saw Mr Drake as you suggested & he informed me that the reservation, or non reservation of the road would not affect any arrangements he had made for the settlement of this case.

He states that Mr Hamelin was an authorized squatter on the land designated in 1907.

The road reservation was asked for in July 16 1908.

Mr Hamelin made entry 22 March 1909.

But Mr Drake states we had better take the same action as we did with the patent for the E½ of NE¼ Sec 14 - 58 - 4 in which we reserve the road.

Under the circumstances reserve road in patent

Ref. 1366365

Ottawa, 21st March, 191 1.

Memorandum:-

I beg to return the copy which you sent for report, of Mr. M. W. Hopkins' letter of the 9th instant, respecting the sale of their lands by the Half-breeds of St.Paul des Metis.

Mr. Hopkins states that he has advanced money to some of these Half-breeds up to half the value of their land, and that this did not constitute a sale but simply gave him the first right to buy when they received their patents; but he has heard that there is danger that some of their applications may be thrown to the ground. He also refers to the application of Hamelin, whose land he has bought at [illegible] and that "since that time he has been annoyed about getting his title, and it was delayed for I think about a year."

There may be no legal objection to these people whose claims were dealt with by Mr. Weber in a special manner, entering into an agreement of sale prior to the issue of patents, but I think the intention was that these grants should be dealt with in the same way as homestead entries, although in some of these cases the entry fee was waived.

In the case of Mr. Hamelin, above referred to, I find that his application was first made before the Sub-Agent of Dominion Lands at St.Paul des Metis, on the 22nd December, 19[illegible] recommended by the Agent of [illegible]

Honourable Frank Oliver,
Minister of the Interior.

Lands at Edmonton, on the 3rd January, 1910, and approved by the Assistant Deputy Commissioner, after the supplementary evidence had been obtained, on the 14th September last.

Owing, however, to a question having arisen with regard to the reservation of a roadway, which necessitated some correspondence with the Provincial authorities, the patent which reserved the roadway in question was not issued until the 26th January last.

I may state that to the usual question in Mr. Wemelin's application for patent, as to whether he had mortgaged, assigned or transferred his homestead, or agreed to mortgage, assign or transfer his homestead, he answered "no".

Respectfully submitted,

N. O. COTÉ.

MEMORANDUM.

Mr. Meyer.

When special grants of forty and eighty acres were made in settlement of the claims of the halfbreed occupants of lands in the St. Paul des Metis Reservation, subject to the performance of ordinary homestead duties, was it the intention that the requisite residence should be performed on the land so granted?

yes

Or, could the grantee who also has an ordinary homestead entry within the vicinity, receive credit for the residence performed on the said homestead?

If so could residence be performed concurrently?

no

Mr. Rowe at whose suggestion this memo. is made is of the opinion that in each case the residence must be performed on the "special grant".

should residence be completed in either case on the grant

MEMORANDUM:

Mr. Hume.

Application for patent of Mr. Louis Carneau for the Easterly 20 chains of the S.W.¼ of 9--58--9--W.4th Meridian.
Recommended.

This is a Half Breed Land Grant and in his application for patent for the above land Mr. Garneau claims residence from the 1st of May, 1908 to 1st of May, 1909 and from the 1st of April, 1912, to the 8th of February, 1913.

According to Mr. Garneau's application for patent for his homestead, the S.W.¼ of 7-59-8-W.4th M., he claims residence thereon from the 15th of August until the 1st of December, 1908.

Mr. Garneau was written to for an explanation and he now sends down a Supplementary Statement in which he states that there must have been a mistake in the application for patent, claiming residence from the 1st of May 1908, which should be from the 1st of December, 1908 to the 1st of May, 1909, which would give him 5 months residence. He also resided on the land from the date of the application for patent to the 30th of June last.

According to

According to his statements he only performed five months residence in his first term and I presume it will be necessary for him to put in a further period of six months residence dating from the 1st of October.

MEMORANDUM.

Mr. Mitchell.

Re claim of Corbett Trottier,
St. Paul de Metis Half breed
Reserve.

Corbett Trottier claims he has a right to the E.½ of S.W. of 9-58-9, W. 4th, the half breed grant of Louis Garneau. This parcel of land was occupied at one time by Joseph Trottier, father of Corbett Trottier.

The evidence given to me in this matter, when investigating the affairs of this Reserve in 1908 and 1909, reads as follows:-

"He came to St. Paul the same year
"as I did, six years ago. He bought this
"claim from the heir of the late Joseph
"Trottier deceased, that is, he bought the
"improvements on the place. He paid $75.00 for
"the same with the consent of the Mission and
"he had the authority of the Mission in taking
"up the claim."

Corbett Trottier appeared before me and made his claim and received his own grant as a half breed occupant of this Reserve. I have no record or recollection of Corbett Trottier, by virtue of being an heir of his deceased father, disputing the claim of Louis Garneau. If his claim had been made, from the circumstances of the case as far as I know, the claim of Trottier would not have been allowed.

This Half Breed Reserve, comprising four townships, was inaugurated by Father LaCombe as a Half Breed Colony and held by the Church on a leasehold tenure. It was decided to give up this colonising attempt and the Department in 1909, settled with the claims of half breed occupants and threw open the balance of the land. My instructions are contained in the letter of the 23rd June, 1909. Only half breed occupants were recognized. These occupants had no legal rights in connection with the Reserve. They were simply tenants by permission of the Mission authorities. Many half breeds have come and gone

gone and many have died. Such claims were not recognised. The maintenance of residence and occupation on the Reserve was essential to the recognition of the claim.

Joseph Trottier lived for some time on the parcel in question. He died and his heirs, or some of his heirs, sold the improvements such as they were to the Garneaus. This sort of thing was frequently done on the Reserve supervised by the Mission.

In letters, which Corbett Trottier is now writing, he claims that his father, just before dying, gave him the improvements and his claim-

"I have never ceded my right to
"to any one. The party now claiming it,
"i.e., Garneau, I am creditably informed
"claims to have obtained from my brother.
"(My said brother had no right to dispose
"of this land.)"

The fact that his brother or other heirs may have sold his improvements without his consent would not affect the case at all. Neither his father nor the heirs had any legal standing or right with respect to the parcel claimed.

Ottawa, Ontario,

My dear Sir,

I have duly received your letter of the 7th ultimo with respect to the S.½ of the S.W.¼ of 9- 58- 9- W. 4th M., which has been allotted to Mr. Louis Garneau.

In reply I may say that the St. Paul de Metis Half-Breed Reserve, comprising four Townships, was inaugurated by Father Lacombe as a Half-Breed Colony and held by the Roman Catholic Church on a lease hold tenure.

SENT
L. B.

It was decided to give up this colonizing attempt and the Department in 1909, settled with the claims of Half-Breed occupants and threw open the balance of the land.

When this action was taken, it was decided that only Half-Breed "occupants" were to be recognised. These occupants had no legal rights in connection with the reserve. They were simply tenants by permission of the Mission authorities.

During the time this grant was held by the Church, many Half-Breeds had come and gone and many had also died. Such claims were not recognised as the maintenance of residence and occupation on the reserve was essential to the recognition

Corbett Brottier, Esq.,
St. Paul des Metis,
Alberta.

recognition of a claim.

The records further show that your late father, Joseph Trottier, lived for some time on the parcel of land in question. He died and his heirs, or some of his heirs, sold the improvements such as they were to the Garneaus.

In view of the foregoing, the fact that your brother, or other heirs, may have sold the improvements on this land without your consent, would not affect the case at all as neither your father nor the heirs had any legal standing or right with respect to the parcel referred to.

Under t ese circumstances, I regret that I cannot see that you have any claim to the land.

I note that you have obtained patent for the E.½ of the N.W.¼ of 35- 58- 9- W. 4th Meridian.

Yours faithfully,

Cher Monsieur

Le 13 du mois de Decembre 1911, le 1/4 de section 8 Nord Ouest 20, Township 58, Range 9, West of 4th Méridian, était ouvert à la cancellation.

A 9 1/2 du matin du 13 Decembre, à l'ouverture du bureau de la sous-agence de Ste Paul de Métis j'ai demandé à canceler la 1/4 de section ci-dessus. Le sous-agent a télégraphié à l'Agence d'Edmonton qui a répondu que mon application n'était pas prise en considération vu qu'une personne avait fait la même application 10 minutes avant moi.

D'après les renseignements que j'ai pu obtenir par l'Agent d'Edmonton la dite personne a juré qu'elle avait été sur la terre de 8 à 10 heures du soir du 12 Dec Decembre donc il dit qu'il n'a pas été dessus le 13 Decembre, ce qui n'est pas conforme au règlement.

Notez bien que le sous-agent m'avait

II -

prévenu qu'il fallait que j'aille le matin du 13, jour de l'ouverture à la cancellation, voir sur la terre si le homesteader n'était pas sur la terre, vu qu'il avait le temps jusque minuit (12 heures de la nuit) pour rentrer sur sa terre. or mon concurrent n'a pas pu faire cette constatation vu qu'il fut devant l'agent qu'il a quitté la terre à 10 heures du soir.

Vous voyez donc, Cher Monsieur, que je suis sûr de mon bonnedroit et d'avoir suivit trop bien le règlement.

J'espère bien, Monsieur, que vous voudrez prendre ma réclamation en considération et que vous me donnerez ce qui me revient en toute justice.

Agréez, Monsieur, mes salutations empressées

Dear Sir,

On the 13th of December, 1911, the N.W. ¼ of Section 20, Township 58, Range 9, West of the 4th Meridian was opened for cancellation. At Half past nine on the morning of the 13th of December, at the opening of the Sub-Office at St. Paul de Metis, I asked to cancel the said Quarter Section. The Sub-Agent telegraphed to the Agency at Edmonton which replied that my application was not considered seeing that some person had made application 10 minutes before me. According to the information that I obtained through the Agent at Edmonton the said person swore that he had been on the land from 8 to 10 in the evening on the 12th of December, so he said that he was not there on the 13th of December, which was not conforming to the Regulations. Note well that the Sub-Agent had warned me that it was necessary that I go on the morning of the 13th the day of the opening for cancellation to see on the land if the homesteader was not on the land seeing that he had the time since midnight, (12 o'clock at night), to go on his land but my competitor was not able to make this declaration seeing that he had left the land at 10 o'clock in the evening. You see, therefore, dear Sir, that I am cheated out of my homestead and have followed the Regulations too closely.

I hope, Sir, that you will consider my complaint and that you will give me what is coming to me according to justice.

Yours sincerely,

Dear Sir,

On the 12th of December, 1911, the S.W. ¼ of Section 22, Township 38, Range 2, West of the 4th Meridian was opened for cancellation. At half past nine on the morning of the 13th of December, at the opening of the Sub-Office at St. Paul de Matis, I went to record the said Quarter Section. The Sub-Agent telegraphed by the agency at Edmonton which notified that my application was not considered owing that some person had made application 10 minutes before me. According to the information that I obtained through the Agent at Edmonton the said person were that he had been at the land from 2 to 10 in the evening on the 12th of December, but he said that he was not here at the 12th of December, but was not conforming to the Regulations. He said that the Sub-Agent had informed me that it was necessary that I be on the opening of the Sub Office for the opening for cancellation to run on the land if the homesteader was not on the land previous that was necessary, I am positive about, it as it is my land which constitutes the soil of which I have built the house and left my land at 4 o'clock in the evening. Therefore, therefore, hence for, that I am entitled entirely concerned and have brought the Regulations myself.

I hope, Sir, that you will receive my complaint and that you will give orders to settle in my favour the above matter.

On the 12th of June last Mr. Peter [illegible] Gross obtained entry for the N. W. ¼ of 20--58--9 [illegible]th. On the 12th of December Mr. George Thibodeau [illegible] application to cancel this entry but was informed that it would be necessary for him to see the land at the expiration of six months and then if he found the regulations were not being complied with to make application to cancel. Mr. Thibodeau again made application on the 13th at 9.59 a.m. and was informed that it was not possible that he could have seen the land after the expiration of the six months. However, he made affidavit that he had driven through the district by motor car from St. Paul-des-Metis to Edmonton, after leaving remained upon the place until after 10 p.m. on the 12th of December, in view of which affidavit after communicating with the Inspector of Agencies, J. W. Martin, who was at that time in the office, it was decided to institute cancellation proceedings on Mr. Thibodeau's application.

At 10.10 a.m. on the 13th a Wire was received from the Sub-Agent at St. Paul-des-Metis that [illegible]

accepted an application from Mr. Camille Van Wassenhove to cancel this entry. Mr. Van Wassenhove was informed by wire that there was a previous applicant at 9.59 a.m. He afterwards called at this office and protested strongly that his application should receive first consideration, in view of the fact that he saw the land on the morning of the 13th, having been informed by the sub-agent that he could not institute proceedings unless he was able to swear that he had taken that course. I therefore agreed to submit the matter to the Department for their consideration and although cancellation proceedings have been instituted on Mr. Thibodeau's application, if the Department so desired, should cancellation take place, the thirty days' notice might be allowed to Mr. Van Wassenhove instead of Mr. Thibodeau.

I have been pleased to receive your letter of the 18th of January, 1912, and thank you for having rendered justice.

Now I have received a letter from the Lands Agent at Edmonton, dated the 7th of February, therefore three weeks after the Agent received your communication.

On the 12th of February the 60 days' grace expired for the homesteader in default, therefore on the next day, the 13th, I wished to take the land, but the Agent replied that the cancellation began only on the 7th of February, the day that he wrote to me that it had been decided to consider my cancellation, therefore that would be 114 days instead of 60 days.

This is most serious as I am with my wife and 2 small children in a tent and as I am obliged to remain there until the 6th of April before being able to go on the land. It seems to me Sir that this is an injustice and I sincerely hope that you will give justice to me and that I will be able to take the land immediately seeing that the 60 days expired the 13th of February and that I applied for cancellation the 13th of December, 1911.

Hoping to receive a prompt reply, I am Sir,

Cher Monsieur.

Je reçois à l'instant communication d'une lettre, de l'agence de terre d'Edmonton, que vous trouverez ci-inclus

Le 5 Mars vous m'avez écrit que si le cancellé ne s'était pas défendu endéans les 60 jours, il perdait ses droits et les droits d'entrée, me revenaient

M. Le Cuss Peter n'étant pas revenu le 9 Avril ce qui était 62 jours, j'ai rentré la terre dont ci-inclus vous trouverez le reçu.

Vous voudrez bien que ce Monsieur est en défaut depuis le 1 décembre, en ce moment et il n'est pas encore revenu, il n'a jamais fait de résidence ni d'améliorements, donc il est doublement en défaut.

Maintenant depuis que j'ai rentré la terre j'y ai bâti une maison en planche de 16x18 et une fondation de 12x24, avec un cave [illegible]

à perte 4 à 5 cents piastres, pour le bon plaisir d'un homesteader en défaut.

J'ai femme et deux petits enfants, nous sommes restés dans une tente, pendant 4 mois en attendant d'avoir ce homestead; et maintenant après avoir fait tous ces dépenses je devrais tout perdre, ce serait inhumain et une ruine pour moi.

J'espère bien, Monsieur le Ministre, que vous défendrai un pauvre homme, qui ne demande que justice.

Dear Sir,

I received just now a letter from the Lands Agency at Edmonton as you will find enclosed herewith.

On the 5th of March you wrote me that if the man cancelled had not made a defence within 60 days he would lose his rights and the right to make entry would come to me. Mr./La Croce Peter not having returned by the 9th of April, which made 62 days, I made entry for his land for which you will find the receipt enclosed. Note well that this man has been in fault since the 13th of December at present he is not yet on his land, he has never made either residence or improvements, therefore, he is doubly in default. Now since I made entry for this land I have built a frame house 16 x 18 and a poultry house 12 x 24, broken one acre. I am, therefore, to lose between $400 and $500 for the pleasure of a homesteader in default.

I have a wife and two small children we have remained in a tent for 4 months expecting to have this homestead and now after having made all these expenses I would lose all, that would be inhuman and also ruin for me.

I hope, Sir, that you will defend a poor man who only asks for justice.

Very sincerely.

Will it be necessary for Van Wassenhove to make an entirely new application or should a letter from him to the Agent at St. Paul De Metis asking the Agent to now send in his original application be sufficient.

Gentlemen,

I beg to acknowledge the receipt of your communication of the 10th instant, requesting information regarding the application for patent made by your client, Camille VanVassenhove, for the North West ¼ of Section 20, Township 56, Range 9, West of the 4th Meridian.

In reply I am to inform you that it is altogether likely the Sub-Agent before whom the application for patent was made destroyed the application when Mr. VanVassenhove requested him to cancel the application.

The Agent of Dominion Lands at Edmonton is being requested to ascertain whether the homesteader's statement of the duties completed is in existence and if so to say whether it shows the requisite settlement duties completed. As it would appear that your client has enlisted for active military service overseas I would suggest that he furnish a certificate from his commanding officer showing the date of his enlistment in order that the entry may be protected from the institution of cancellation proceedings.

St Paul des Metis.

I. Mary Berard (widow) of the Pt N. W. ¼-7-58-9-W-4M.
of St Paul des Metis. Province of Alberta.
Occupation. Farmer.

do solemnly swear that the Rev. A. A. Therien called upon me a year ago last fall, & told me that I had better sell, or borrow some money upon my claim. I told him that I did not think I could without a patent, but he said I could & it would be all right to Mr. W. T. Hopkins. D. L. S. & further he said there is no danger you can sell at any time this same day Mr Hopkins sent for me to come & see him at my mother-in-laws close by. I went & Mr A. Poitras, St Paul des Metis was there also. Hopkins said are you going to sell your place, & I said that I dont think that I can sell, without a patent, but I could borrow some money & Hopkins then said. I will lend you the money, dont say that I sold the place.

He took out some papers & commenced to write. Mr Poitras being present at the time, as well as my brother-in-law & mother in law(Thomas Berard & Margaret Berard) I made my mark to some papers but they were not read over to me. Hopkins gave me $15 & said when you get your patent I will give you [illegible] more. I said well if I can give you back this $15, I will do so. Yes. Hopkins said all right, but you cannot settle that same money so you you will have to give the place to me.

Last

Last spring Hopkins sent men to fence my claim with barb wire which they did & broke 15 acres of land & put it in crop.

Mowing met me about a month after I made the transaction with him & he told me if I sold my place to any one else I would go to the Penitentiary, & to tell nobody that I had sold my place to him.

J.B. I am a widow woman & have 7 little children depending upon me. I was in want at the time, & I make this sworn statement of my own free will thinking that it will help me & my little ones, for I know now that I have been defrauded by those people. I did not know that I was doing anything wrong. I was led to believe it was all right.

I lay my case before the Court trusting that they will give every mercy & consideration to me & my poor

J.B. little ones.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of the Canadian Evidence Act, 1893.

Red Deer

~~Hudson Hope~~ 3rd June, 1911.

Sir,

In compliance with the request contained in your letter of the 20th March last, H.C. File No. 1667806, regarding making an investigation as the performance of Homestead duties performed by the homesteader Mrs Mary Berard, widow of Thomas Berard, upon the E 1/2 of the NE 1/4 7-62-9 West 4th, which was allotted to the late Thomas Berard, within the boundaries of the St. Paul des Metis reserve, subject to the usual homestead duties. I beg to say that I made an investigation on the 18th ult., at St. Paul des Metis, and examined the legal heir, Mrs Mary Berard, in question, and found that the duties were being performed at least as fast as possible regarding the cultivation, but I may state that in the course of the examination, I found that the homesteader had been trafficking the land, prior to obtaining Patent. This I think the evidence will show. While I have no doubt the transaction was carried out through ignorance on the part of the homesteader, the pressure brought to bear by speculators, still I consider it is a case well worth looking into. I may add, that I could get no evidence of any sort to corroborate the statement given by Mrs Berard, and of course I base my opinion on the case entirely upon her evidence, which I think is clear and truthful, although as usual in Metisse Scrips all Priests were consulted into

The Secretary,
Department of the Interior,
OTTAWA.

court, they would deny that any such transactions ever took place between them and Mrs Bernard. I may say that Mrs Bernard had no papers of any description to substantiate her statements. I may say that I informed the Homesteader that I could not give her any opinion as to the outcome of the case with Head Office, and I would recommend that Messrs Hopkins and Poitras be prosecuted, if possible, and as I stated previously, I consider that the ignorance of Mrs Bernard, being a Half-Breed, was worked upon to bring the deal in question to a close.

I am, Sir,

Your obedient servant,

Sir,

E½ of NE¼ 7--58--9 W.4th.

Referring to the Halfbreed grant subject to performance of homestead duties in favour of Thomas Berard, the entry being dated 25th March 1909, I beg to say that an investigation was recently made by an officer of the Department and it was found that Mrs. Mary Berard, widow of Thomas Berard, had been trafficking in the land prior to the issue of patent therefor.

It has now been decided that this entry must be cancelled, and you are authorized to take this action.

Please advise Mrs. Mary Berard that on satisfying you that she is the legal heir of the late Thomas Berard she will be permitted to re-enter on the usual terms for the land in question as a Halfbreed grant subject to performance of homestead duties, on behalf of the estate of the deceased Thomas Berard. She will be allowed ninety days from the date of your letter within which to make re-entry.

If the legal representative decides to re-enter for the same parcel of land on behalf of the estate, the new entry will be on the same footing as the old one, that is to say, duties performed previous to the date of entry may be counted and it will not be necessary to wait for three years before

Application for patent made by Mr. Lorenz Garneau, Legal Representative of the estate of the late Thomas Perard for the S.½ of N. E. ¼ of 7--58--9--W.4th Meridian.

This is a legal representative case and deals with one of the half-breed claims at St. Paul de Metis.

The widow was not given patent for the reasons given in Mr. Chamberlain's report of the 2nd of June, 1911, and the legal representative made application for patent.

The duties performed by the half-breed were to assert that the only trouble is that the witnesses are of the same age as the legal representative. I cannot see that this is to his disadvantage, and the patent should be issued in order that the heirs-at-law may receive any benefit to which they are entitled under the grant.

This is an application

be the Legal Representative himself.

It is a half-breed claim

is to find out whether the witnesses are

It seems to me as in the present

MEMORANDUM:

Mr. Sparks

I think it would be advisable to set forth on the file the reasons there are for departing from the well established practice of the Department that the witnesses should not be of the same name as the person applying for patent. Sub-section 2 of Section 25 of the Act requires that witnesses must be disinterested parties, and it has always been held that witnesses of the same name as the applicant should not be accepted. Kindly say if the papers show any reason for departing from this rule.

Estate of the late
Thomas Berard,
East half N.E. ¼ 7-58-9,
West 4th Meridian.

In reply to your remarks of the 17th instant, this is a Legal Representative matter as you will observe and deals with a Half-breed claim at St. Paul de Metis. As you are no doubt aware names of these half-breeds are very often similar and it seems to me in a case of this sort, dealing with half-breed claims, it is hardly necessary to hold the application for patent up on account of the similarity of the name.

You will see the Law-Clerk's opinion in the matter. It was submitted to him after a discussion with the Commissioner's office. As far as I can see the application could be disposed of without any further trouble.

MEMORANDUM:

OCT 23 1913

Kindly refer to the opinion expressed by the Law Clerk on this file.

The point is that the witnesses are of the same name as the person who has made application for patent as Legal Representative.

The only reason which has been advanced for dealing with this case in an exceptional manner, is that it is a Half-breed claim at St. Paul de Metis.

Will you kindly instruct me whether it is your desire to accept the witnesses in this case; and if so, whether an Inspector's report should be obtained before disposing of the application for patent.

As no residence is required, a report from the Inspector would probably be sufficient to establish the fact that the improvements have been made as claimed, without requiring the applicant for patent to furnish fresh witnesses.

Respectfully submitted,

My late husband and I commenced to live on the east half of the South east quarter of section one in township fifty eight in range ten west of the fourth meridian ten years ago. We settled there with the consent of the missionaries as a halfbreed head of family. We have lived all the time ever since on that land. Sometimes we would go away hunting but then I was on there. Always had a house Nowhere during that time.

Since the death of my husband I lived on the land until last spring. Since then I have been living with [illegible] and am living at [illegible].

Memo

Mrs Cardinal's claim is for the land on the reserve allotted to her late husband by the Indian authorities.

He was allotted the E½ of the S.E 1-58-10 not the whole of the S.E 1, nor were the Indians authorized to allot more than 80 acres to one halfbreed.

Mrs Cardinal was granted the 80 acres in question by me. Had she a homestead right, she would have been competent to enter for a full 160 acres as a homestead as did the other widow who produced a departmental letter authorizing her to make a homestead entry.

The complaint of A E Anderson and certain other halfbreeds who abandoned the reserve some years ago and moved to the Vermilion Country cannot be entertained.

Department of the Interior.
Canada.

O Ottawa

-3-

Halfbreeds still had their homestead right those who did have their homestead right were allowed to take 160 acres as a homestead, including their 80-acre claim, and by doing so they exhausted their homestead right as well as their claim in the Reserve. This was fully explained to the Halfbreeds and understood by them.

The other widow whom you mention received a 160 acre homestead because she produced an authority from the Department entitling her to make a homestead entry. If you had produced authority to make a homestead entry your application for a homestead of 160 acres would also have been entertained. Under the homestead law widows who have minor children depending on them may be given authority by the Department to make homestead entry as the head of a family.

I hope this explanation will be satisfactory.

Secretary.

Madam,

In the absence of the Hon. Frank Oliver I beg to acknowledge the receipt of your letter of the 26th July respecting your claim to land in the St. Paul des Metis Reserve.

The Department has carefully considered your letter. You could not have a claim to more than an 80-acre allotment in the Reserve. Your late husband was not allowed the whole of the S.E.¼ of Section 1-58-10-W.4th by the Mission authorities, but was allowed 80 acres, being the E.½ of the said Section, and the Mission authorities did not have the right to allot more than 80 acres to one Halfbreed head of a family under the authority given to them by the Government.

The Commissioner sent by the Government to settle the claims of Halfbreeds was authorized only to give their 80-acre claims to Halfbreed claimants whom he found there and who had not abandoned the Reserve, and who were certified to by the Mission as being there with their consent and were otherwise entitled. He was not authorized to grant them 160 acre claims, but if any of these

Sir,

In compliance with the request contained in your letter of the 20th March last, H.O. File No. 1819602 regarding taking an investigation re the performance of Homestead duties performed by Mrs Marie Cardinal, widow of Gabriel Cardinal, upon the E 1/2 of the SE 1/4 of 1-58-10 West 4th, which was allotted to the late Gabriel Cardinal within the boundaries of the St. Paul des Metis reserve, subject to the usual homestead duties. I beg to say that I held an investigation on the 19th ult., at St. Paul des Metis, and examined the lady in question, and found that her duties were being performed so far as residence was concerned, but nothing had been done in the way of cultivation. I may state, however, that in the course of the examination, I found that the Homesteader had been suffering ~~from~~ ill health for some time past. This, I think the evidence will show. While I beg to point the investigation was carried out strictly in accordance with the Regulations, and although personally I would be loth to deprive the widows, still I consider it is a case well worth trying over. I may say that I would not be in favour of any one to undertake the settlement duties by Mrs Cardinal, but if anyone, I deem it advisable in the case entirely on account of the children, which I think ought to be provided, although I doubt if Madame Hughes and Baines were actuated into their

Sir,

E½ of SE¼ of 1--58--10 W.4th.

Referring to the Halfbreed grant subject to homestead duties in favour of Mrs. Marie Cardinal, entry dated 25th March 1909, I beg to say that this case was recently investigated and it was found that the homesteader had been trafficking in her land prior to obtaining her patent.

It has now been decided that the entry will require to be cancelled, and you are hereby authorized to take this action.

As it is shown that this settler entered into the agreement to sell through ignorance, forfeiture of her right to take up another parcel of 80 acres as a Halfbreed grant subject to homestead duties may be waived, and you are authorized to allow her ninety days within which to re-enter for this parcel of land on the ordinary terms.

If the settler re-enters for the same land her new entry will be on the same footing as the previous one,- that is to say, she may count any duties performed previous to date of entry and will not be required to wait for three years before applying for patent.

Please advise her that if she wishes to enter for an equal area of available land elsewhere she may do so, presenting your letter as authority.

Your obedient servant,

Madam:-

I am directed to inform you that in view of the fact that it has been discovered that you have been trafficking in your land prior to obtaining patent, your entry for the east half of the S.E.¼ of 1-58-10-W.4th M. has been cancelled in the records of the Department.

As it was shown, however, that you entered into the agreement to sell, through ignorance, it has been decided that the forfeiture of your right to take up another parcel of 80 acres as a half breed grant, subject to homestead duties may be waived and to allow you 90 days from this date within which to re-enter for the above described land on the ordinary terms.

I am to inform you that if you make re-entry on this land, your new entry will be on the same footing as the previous one, that is to say, you may count any duties performed previous to the date of the new entry and will not be required to wait three years before applying for patent.

I am also to advise you that if you wish to enter for an equal area of available land elsewhere, instead of re-entering for the above land you may do so on presenting this letter as your authority.

If you decide to re-enter for the land above mentioned you should appear without delay before the Sub-Agent or at this office and subscribe to the usual form of application. If, however, you decide not to take up the above land again, but to make entry on available land elsewhere, you

MEMORANDUM:

Mr. Hume.

N.½ of S.E.¼ of 26,57,10, W. 4th.

The above land was homesteaded by Mr. Chas. Gill on the 7th of July, 1914.

As soon as Mr. Gill homesteaded this land, Mr. David Daigneault, who obtained a half-breed grant of the other eighty acres, namely the west half of the section, and evidently got patent by claiming to have resided thereon from 1901 to the date of the application for patent, the 22nd of March, 1913, he furnished a declaration claiming that he had been residing on this N.½ and had made improvements to the value of about $232.00, consisting of buildings, fencing and three acres in crop.

Mr. Daigneault also stated that he was entitled to make entry, as he obtained title to the N.W.¼ of 14, 58, 25, W. 4th Mer., and received a letter of authority from the Department to enable him to take up a second free homestead. (On hunting up the files in this case I find that Mr. Gill was, on the 22nd October, 1904, furnished with a letter giving him authority to make a second free homestead entry although you will note on looking at the form on file 946981, that the question in regards to a second free homestead is rather doubtful.)

Mr. Gill claims that he visited the land and found no person there, but that he did not waste any time, but went at filed on the land. He has been notified, however, not to take possession.

The Homestead

The Homestead Inspector reported in September last that Mr. Daigneault has been in residence on the N.½ from 1908, to the date of his report, and has improvements thereon valued at about $145.00, consisting of a house, granary, stable and some fencing.

The Inspector also states that in addition to the buildings on the N.½, Mr. Daigneault has on his half-breed claim, namely the S.½, stables and breaking.

Mr. Maber, who was adjusting the claims of these half-breeds, took a declaration from Mr. Daigneault in December, 1908, to the effect that he had been residing continuously on the N.½ for about six years with considerable improvements thereon, and he granted him entry for the land on the 24th March, 1909.

It would now appear, however, from Mr. Daigneault's own claims and the report of the Inspector received, that he was not residing on the N.½ but on the S.½ and it is therefore doubtful if he was entitled to patent for this N.½

The above appears to be all the facts relating to this matter.

Kindly say whether you consider Mr. Daigneault has any claim to the S.½ now that he has obtained title to the N.½.

MEMORANDUM:

Mr. Pugsley.

Re David Fairweather.

This halfbreed was supposed to have been located on the N.½ of the quarter section in question. That appears to have been the opinion of the Inspector who reported on the case at the time of my settlement of claims on this Reserve, and I attach a copy of his sketch showing by red dots where he estimated that the buildings were located. He was also supposed to have been on the N.½ by the Commission authorities who allotted him that location and had him so recorded. It is likely from the facts mentioned in Inspector Grey's report of the 6th December, 1914, that his house and some buildings are on the N.½, and his stables on the other half for which he already has patent, that the buildings are very close to the dividing line and unless the line down the middle of the quarter has since been surveyed or the Inspector has located it precisely there might be still some slight doubt as to the exact location of the buildings. This of course could be more definitely ascertained if it were desirable. The land containing his buildings should be protected for him in any event.

As to the rights of these halfbreeds to their location in the St. Paul des Metis Reserve, I beg to explain that certain of the halfbreeds in addition to their location on the Reserve had received or were holding homesteads elsewhere, consequently any halfbreed having a good claim on the Reserve was given his 80 acre location irrespective of his homestead right. If, however, a halfbreed still retained his homestead right he was permitted to take up a full 160 acres in the Reserve, which however was to include his 80 acre location and thus exhaust his homestead right, or he might take his 80 acre location as a free grant and retain his homestead right. David Fairweather has a second homestead right, as authorized by departmental letter of the 22nd October 1904, file 94[illegible]11. He elected, however, to take the 80 acre free grant and

4192

keep his homestead right. If, however, he had desired to apply it to the whole of the quarter section, namely the S.E.¼ 26-27-13-W.4th, it would have been granted to him, and under the circumstances of the case as his improvements apparently extend into both half-quarters there would still be no objection to his applying his second homestead right upon the remaining 80 acres, and other halfbreeds in the Reserve had similar consideration.

The only complicating feature in the case is the fact that an application for entry for the S.½ of the quarter was taken from Charley Gill. If Baigneault's improvements are actually upon the land entered for by Gill, Gill's entry would be cancellable and Baigneault's claim could then be considered if it were desired to do so. If, however, the improvements are not upon the Gill homestead it would probably not be proper to cancel the entry. The case would therefore hinge to some extent on whether the Inspector is right in reporting that the buildings in question are on the Gill homestead. Unless these buildings are located well into the S.½ so as to leave no doubt on the point, or unless the line has been surveyed between the two half-quarters there would still be an element of uncertainty as to the actual location of these buildings.

Sir,-

I beg to acknowledge the receipt of your letter of the 23rd of December last, with enclosure, file 169057, in regard to the claim of David Daigneault, to the East half of the South East quarter of Section 26, Township 57, Range 10, West of the 4th Meridian, for which entry was granted to Charlie Gill on the 7th of July last.

In reply I am sending you a copy of a memorandum on the case by one of the officials of the Department. It appears that the line dividing the East half from the West half of the Section has been surveyed and posted, and I am to ask you to instruct a Homestead Inspector to again visit the East half of this quarter-section as soon as possible and make a most careful investigation in regard to the buildings Mr. Daigneault claims to have erected upon the land.

Encl. 1

The Inspector should take great pains to ascertain exactly where the dividing line is and furnish a sketch with his report showing the exact location of Mr. Daigneault's improvements. He should also report carefully as to their value.

The Agent of Dominion Lands, Finally

Edmonton, Alberta.

Kindly inform Mr. Gill of the action which has been taken and warn him not to go into occupation of the land until it has been decided whether or not his entry is to be confirmed.

COMMISSIONER JUN 4 1915 DOMINION LANDS

MEMORANDUM.

Mr. Hume.

Re E.½ of S.E.¼ - 26-57-10-W.4th.

On the 30th January last this case was submitted by Mr. Tupper and on the 3rd February Mr. Maber forwarded you a memorandum in connection with this land. It appears that on the 7th July, 1914, Mr. Charles Gill got entry for this land but one David Daigneault filed a statement claiming that he had been residing on the East ½ and had made improvements to the value of $232.00, consisting of buildings and fencing also three acres in crop. Mr. Daigneault had obtained a Half Breed grant for the eighty acres, namely the West ½ of this quarter section and it has received patent for the same.

An Inspector's report was called for as it was not clear where Mr. Daigneault had his buildings, this report has now been received and shows that Mr. Daigneault is in residence on the East ½ of South East ¼ of 26-57-10-W. 4th Meridian, and has buildings consisting of a log house worth $80.00, granary $20.00, Hog pen $15.00, ½ mile fencing $25.00, and a hen house $15.00, the attached is a sketch to his report which shows the buildings on the East ½.

Please say what action is necessary.

I beg to acknowledge receipt of your letter of the 15th August last and in reply may say that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting these settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

If you are the same person who obtained patents for the land above described under the name of Daignault I regret to inform you that you are not entitled to another homestead. The recent amendment to the Act does not permit of a settler securing a third homestead on Dominion land.

Dear Sir:

I beg to acknowledge receipt of your letter dated the 22nd inst. in reply beg to say that the N½ S.E. 6-26-57-10 W 4th was not my second Homestead, but my grant as head of Dependent Family resulting upon the Half Breed Reservation known as the Lacombe Reserve, as you are fully aware my Half-Breed Scrip Certificate was entitled to 80 acres of Land upon the Said Reservation. Respecting of any rights under Half Breed Scrip or the Privileges of Homestead Entry, same took Homestead, & 80 acre Half Breed grant always & the Said Reserve. other. Homesteading & same other. 80 acre grant upon the Reserve, & Homestead entry upon Land outside of the Said Reserve.

Now to take your letter right as all persons who obtained 80 acres of a Half Breed grant upon the Said Reserve not allowed to make a second Homestead entry because the understand that all persons who received their Patent prior to 1st Feby 1915 are entitled to Homestead. I beg to acknowledge receipt of your letter of the 25th ultimo in regard to your wish to obtain another homestead and in reply may say that the Departmental letter to you of the 2nd idem was incorrect in so far as your second homestead was described as the W.½ of S.E.¼-26--57--10-W.4th Meridian. This eighty-acre parcel was the land upon which you located your half breed scrip - - your second free homestead being the E.½ of the S.E.¼-26--57--10-W.4th Meridian, your entry for which you obtained on the 9th July, 1915, and for which patent was issued in July, 1921.

The amendment made to the Dominion Lands Act at the last session of Parliament does not make any provision for the granting of a third homestead and there does not appear to be any way in which you can secure another quarter-section of Dominion Land.

MEMORANDUM.

Patented second homestead.

Patented half-breed scrip.

Re David Daigneault or David Daniels.

In view of correspondence on behalf of David Daniels who has been refused authority to file on another homestead, the Acting Deputy Minister has asked for a report.

The duties in connection with Mr. Daigneault's or Daniels' first homestead were completed prior to the 2nd June, 1889, and he was, therefore, furnished authority to file on a second homestead. This he did and obtained patent for the E.½ of the S.E.¼ 26-57-10-W.4th M. on the 22nd July, 1921.

Mr. Daniels is a half-breed and relating to his half-breed location, the W.½ of the S.E.¼ 26-57-10-W.4th M., I am to refer you to a quotation from Mr. Maber's memorandum of the 3rd February, 1915, which is as follows:-

"As to the rights of these halfbreeds to "their locations in the St. Paul des Metis Reserve, I "beg to explain that certain of the halfbreeds in addition "to their location on the Reserve had received or were "holding homesteads elsewhere, consequently any halfbreeds "having a good claim on the Reserve was given his 80 acre "location irrespective of his homestead right. If, "however, a halfbreed still retained his homestead right "he was permitted to take up a full 160 acres in the "Reserve, which however was to include his 80 acre location "and thus exhaust his homestead right; or he might take his "80 acre location as a free grant and retain his homestead "right. David Daigneault had a second homestead right, as "authorized by departmental letter of the 22nd October,1904, "file 945811. He elected, however, to take the 80 acre "free grant and keep his homestead right. If, however, he "had desired to apply it to the whole of the quarter "section, namely the S.E.¼ 26-57-10-W.4th, it would have "been granted to him, and under the circumstances of the

-case-

"case as his improvements apparently extend into
"both half-quarters there would still be no objection
"to his applying his second homestead right upon the
"remaining 80 acres, as other halfbreeds in the Reserve
"had similar consideration."

From the quotation you will see that Mr. Daniels acquired at that time all the land he was entitled to.

On the 15th August, 1928, he requested to be granted authority to file on another homestead which was refused. He protested and was advised on the 7th November, 1928, that the amendment to the Dominion Lands Act did not make any provision for the granting of a third homestead.

The representations made in support of a request for another homestead are that Mr. Daniels exhausted his second homestead right on a fractional area, namely the E.½ of the S.E.¼ 26-57-10-W.4th M. and that he was one of the old pioneers.

It would not appear that this man is entitled, according to the amendment to the Act, to another homestead.

Sir,

Replying to your letter of the 1st instant with regard to cancellation proceedings instituted against the entry of Mr. Alfred Labrecque for the S.W. ¼ of Section 1, Township 58, Range 5, West Fourth Meridian, I beg to say that these proceedings should not have been instituted. Mr. Labrecque was a squatter in the St. Paul des Metis Reserve upon the S.W. ¼ of school section 11, Township 58, Range 5, West Fourth Meridian, upon which he has been in occupation for many years and had considerable improvements thereon. As his claim could not be recognized in connection with a school section, the Department agreed to grant his entry for the S.W. ¼ of Section 1 in consideration of his removing himself and relinquishing all claim to the school section and he was to be given five years within which to remove himself, the duties done on the school section to count in connection with his entry for the S.W. ¼ of Section 1. It is understood that this information is in your office, together with other cases of halfbreed squatters on school lands which were similarly dealt with. If you have not the information with regard to other claims, please advise the Department

I beg to inform you that it would not appear that cancellation proceedings should not have been instituted against your entry for the South West quarter of Section 1, Township 58, Range 9, West of the Fourth Meridian, and the proceedings which were instituted have accordingly been abandoned.

P. C. 1246.

Certified copy of a Report of the Committee of the Privy Council approved by His Excellency the Governor General on the 2nd June, 1909.

The Minister of the Interior, under date the 31st May, 1909, states, pursuant to Order in Council approved on the 13th of August, 1908, dealing with the Halfbreed Reserve situate in Townships 57 and 58, Ranges 9 and 10, West of the 4th Meridian, that investigation and report have been made concerning the claims to eighty acre allotments of the Half-breed occupants of the reserve, by the Commission appointed for the purpose, and that the said claims have been disposed of by the acceptance from the claimants of entries without payment of entry fee, and subject in all cases where the ordinary homestead duties have not been completed to fulfilment of the same before issue of patent.

The Minister observes that in some cases where the halfbreed claimant retained his homestead right he was permitted to enter for the full area of a homestead, thereby exhausting his homestead right;

That in each of five cases where the Halfbreed had been allotted and settled upon school lands, his claim was disposed of by the granting to him of a quarter-section elsewhere in the Reserve, and counting in connection therewith the duties performed upon the school land.

The Minister further states that on investigation it was found that the four sections set forth in the said Order in Council of the 13th August, 1908 to be granted to the Board of Management of the Colony, or their assigns, were partially affected by the claims of certain halfbreed occupants,

The Honourable

The Minister of the Interior.

and

and the Board of Management were permitted to make selections elsewhere in the reserve to make up a total grant to them equal to four sections.

The Minister therefore recommends:-

(1) That the entries of the said Halfbreed claimants as above be confirmed without payment of entry fee, patent to issue on proof of the completion of ordinary homestead duties.

(2) That an unconditional grant be made to the Board of Management or their assigns, of the lands selected by them as above stated, in full and final settlement of their claims on the grounds of occupancy and maintenance of the Reserve.

The Committee submit the same for approval.

(Sgd) E. K. Bennetts,

Assistant Clerk of the Privy Council.

Dear Sir:—

re S½ of S.E. ¼ 23-58-10 W 4 m

In reference to your letter to me of the 31st August 1911 in the matter of my application for Patent of the above I understand that the regulation governing $300. homesteads has been rescinded. I would also point out to you that I have 17 acres in crop upon the lands, & it was distinctly understood at the time of the opening of the Reserve, that the 80 acre claims would require only one half of the cultivation. My 15 acres, in fact many have already obtained Letters Patent on this, in view of the above facts should not my application go forward or will it be necessary for me to make a new application or supplementary statement?

Dear Sir,-

RE HALF BREEDS' PATENTS.

We wrote you on February 27/11 and entitled our letter "Re Half Breeds' Scrips. This is not correct. It should have read "Re Half Breeds' Patents.

We mentioned therein the names of Dufresne, Boudreau, Parenteau, Ladéroute and Laboncanne of St. Paul des Métis in the County of Pakan, Province of Alberta. Since writing you, the following parties have sought our opinion, namely- George Beaudreau, Alberta Beaudreau, Pierre Beaudreau, Daniel Ladéroute and another, Jos. Deschamps, Jérémie Poitras, Jos. Hamelin, Tom Redgedelle, Francois Poitras, Wm. Cardinal, Marcel Cardinal, the widow Bérard, one Mrs. Thos. Bérard and one Siméon DesJarlais. They are exactly in the same position as those people we mentioned to you in our letter of February 27th.

Kindly give the case the consideration which it deserves.

Our clients told us of certain tactics employed by the aforesaid Hopkins and others to secure Agreements for Sale of their unpatented quarter sections, and of others who are in the same position.

Our clients do not wish to be prejudiced in getting their patents, hence I am taking the liberty of reporting to you what they did in ignorance of the law.

They are desirous that you should appoint a commission to investigate and ascertain for yourself that they were the victims of fraud and that they have acted in good faith.

We trust that in the name of justice and fair play you will see that these men have a commission to investigage the conditions of buying up of unpatented lands by a number of people who are desirous of speculating through the ignorance of half-breeds and contrary to law.

Yours truly,

Dear Sir ,- RE HALF-BREED SCRIP.

One Henry Dufresne, one Francois Boudreau, one Parenteau, one Laderoute and one St. Pierre Labouceanne of St. Paul de Metis, in the County of Pakan, Province of Alberta, are homesteaders.

It is alleged by these people that many others are in the same position as they are.

Not very long ago they say, that one Hopkins accompanied by the Rev. Father Therien and one Poistras secured from them Agreements of Sale and options on their unpatented homesteads. They have called upon us to see what was their position from a legal point of view. At the time that they agreed to sell they were given a small sum of money on account and the balance was to be paid when the various homesteaders received their patents..

At that time they did not know the law. Lately, however, it appears that the said Hopkins, Therien and Poistras have been to our clients to induce them to reinburse the monies paid them on account, stating that it was against the law to have sold their quarter sections at all. We have pointed out to them that it was against the law and advised them not to return the monies which they received on account, and not to accept any other monies which might be due by virtue of their Agreement for Sale.

Sir,

In compliance with the request contained in your letter of the 20th March last, H.C. File No. 1800CCC, recording making an investigation re the performance of Homestead duties performed by the Homesteader Francis Dendreau, upon the S.E. 1/4 of 10-58-10 West 4th, which was alloted to lie within the boundaries of the St. Paul des Metis reserve, subject to the usual homestead duties. I beg to say that I held and investigation on the 10th ult., at St. Paul des Metis, and examined the homesteader in addition, and found that his duties were being performed at least as far as possible considering the cultivation, but I may state that in the course of the examination, I found that the Homesteader had been trafficking his land prior to obtaining his Patent. This I think the evidence will show. While I have no doubt the transaction was carried out through ignorance on the part of the homesteader, but through pressure brought to bear on him by his advisers, still I consider it a case well worth looking into. I may say that I could get no evidence of any sort to corroborate the statement given by Mr. Dendreau, and of course I take my stand on the plain straightforward evidence, which I have to offer untruthful, although no doubt if Dendreau has kept any memorandum in connection with, may assist him; that any doubt

transaction had been taken place between him and Mr Bentata.

Gentlemen,

In reply to your letter of the 31st ultimo, Ref.C8565, requesting to be notified when a patent is issued for the S.E.¼ if section 10, township 58, range 10, west 4th meridian, I am directed to say that it is contrary to the practice of the Department to comply with such request.

I may add that in the event of a patent being issued for the said land, it will be sent in the usual way to the Registrar at Edmonton.

Your obedient servant,

Secretary

Messrs. Short, Crowe, Biggar & Cowan,
Barristers etc.,
Edmonton, Alta.

P. C. 1246.

Certified copy of a Report of the Committee of the Privy Council approved by His Excellency the Governor General on the 2nd June, 1909.

The Minister of the Interior, under date the 31st May, 1909, states, pursuant to Order in Council approved on the 13th of August, 1908, dealing with the Halfbreed Reserve situate in Townships 57 and 58, Ranges 9 and 10, West of the 4th Meridian, that investigation and report have been made concerning the claims to eighty acre allotments of the Half-breed occupants of the reserve, by the Commission appointed for the purpose, and that the said claims have been disposed of by the acceptance from the claimants of entries without payment of entry fee, and subject in all cases where the ordinary homestead duties have not been completed to fulfilment of the same before issue of patent.

The Minister observes that in some cases where the Halfbreed claimant retained his homestead right he was permitted to enter for the full area of a homestead, thereby exhausting his homestead right;

That in each of five cases where the Halfbreed had been allotted and settled upon school lands, his claim was disposed of by the granting to him of a quarter-section elsewhere in the Reserve, and counting in connection therewith the duties performed upon the school land.

The Minister further states that on investigation it was found that the four sections set forth in the said Order in Council of the 13th August, 1908 to be granted to the Board of Management of the Colony, or their assigns, were partially affected by the claims of certain Halfbreed occupants,

The Honourable

and

The Minister of the Interior.

and the Board of Management were permitted to make selections elsewhere in the reserve to make up a total grant to them equal to four sections.

The Minister therefore recommends:-

(1) That the entries of the said Halfbreed claimants as above be confirmed without payment of entry fee, patent to issue on proof of the completion of ordinary homestead duties.

(2) That an unconditional grant be made to the Board of Management or their assigns, of the lands selected by them as above stated, in full and final settlement of their claims on the grounds of occupancy and maintenance of the Reserve.

The Committee submit the same for approval.

(Sgd) F. K. Bennetts,

Assistant Clerk of the Privy Council.

Sir,

With reference to your letter of the 20th ultimo, addressed to the Agent of Dominion Lands at Edmonton, in relation to your renewed application to purchase the S.½ of the S.E.¼ of Section 19, Township 50, Range 10, West of the Fourth Meridian, I beg to inform you that this land is not for sale. In this connection I would point out that, under the regulations, no Dominion Lands are for sale except as pre-emptions, purchased homesteads and where small fractional areas of eighty acres or less are disposed of to the owner or homesteader of land lying alongside, the fractional areas referred to usually are particularly to fractional quarter sections lying along a lake or water front and retained in order to give access to the water.

I would further point out that, as has been stated by the Departmental letter of the 17th March, 1911, at the time of the settlement of the Half Breed claims to land in Lot 10 Set Aside Reserve the claimants were informed that they would not be permitted to purchase the land adjoining the eighty acres granted to them.

The files relating to the claims of Marie Cardinal, Thomas Bérard and Jérémie Poitras are with W. J. A. Bannerman.

There is evidently an error in the description of Joseph Deschamps' claim, as the the whole of the 1E/p 17-58-9 W4 was patented in the month of March 1910, J. J. Ridsdale + C. Beauregard getting 10 chains each, and J. Beauregard getting the remaining 20 chains. As Deschamps' name does not appear in this township, nor was he the Crown Timber Agent before 1908. I have thought that Joseph Rabascow, who was granted on the 23rd March 1909 an entry for the W½ of the 1E/p 18 of the same township, might be the Deschamps referred to. Rabascow being the Indian name for Deschamps.

Files re W. Cardinal + J. Rabascow and Company files re Marie Cardinal, Thos Bérard + J. Poitras are herewith. Searches are being made for file 1869565 re Jos. Paquette.

Sir,

In compliance with the request contained in your letter of the 30th March last, H.S. File No. 16/2606, regarding entering Homestead investigation re the performance of duties performed by the Homesteader Simon Desjardins, upon the Fr. N 1/2 of the NE 1/4 of 31, and Fr. S.W. corner of the N.W. 1/4 of 32 in Tp. 57, Rg. 9 West 4th. S 1/2 of the S.E. 1/4 of 6-61-9 West 4th, which was allotted to lie within the boundaries of St. Paul des Metis reserve subject to the usual homestead duties. I beg to say that I held an investigation on the 19th inst. at St. Paul des Metis, and examined the Homesteader in question and found that his duties were being performed at least as fast as possible regarding the cultivation, but I may state that in the course of the examination I found that the Homesteader had been trafficking his land prior to obtaining his Patent. This I think the evidence will show. While I have no doubt that the transaction was carried out through ignorance on the part of the Homesteader, and pressure brought to bear on him by the vendors, still I consider it as a case well worth finding out. I may say that I could get no evidence of any right to surrender the entry given by Mr Desjardins, but of course I took up question on the case entirely upon the evidence, which I think is clear and truthful, although no doubt if Messrs Hughes and Bryant were examined they would, I do not think,

The Secretary, Yours/

I informed the Commissioner that I could not give [illegible] as to the [illegible] of his case with the Head Office, and I would recommend that Messrs Hopkins and Fetherstonhaugh, if possible, and as I stated previously, I consider that the [illegible] of Mr Denjenich being a Half-Breed, was worked upon [illegible] in question.

Referring to the entry granted to Mr.Simon Desjarlais on the 23rd March 1909 for the above mentioned land, I beg to say that this case was recently investigated and it was found that the entrant had been trafficking in his land prior to obtaining patent. It has been decided that this entry will require to be cancelled, and you are now authorized to carry out cancellation.

In view, however, of the fact that the entrant is shown to have entered into an agreement to sell through ignorance, the Department has waived the forfeiture of his right to re-enter for a homestead and you may allow this settler a period of ninety days within which to re-enter for the land in question on the ordinary terms.

If this settler re-enters for the same land his new entry will be on the same footing as the previous one, that is to say, he may count duties performed previous to the date of entry and he will not require to wait for three years before applying for patent.

Please advise the settler that if he wishes to re-enter for some other available land he may do so on presenting your letter of authority.

Sir:-

I am directed to inform you that in view of the fact that it has been discovered that you have been trafficking in your land prior to obtaining patent, your entry for the fractional N.½ of N.E.¼ of 31-- & Fractional N.W. corner of N.W.¼ of 32-57-9-W.4th M. and the S.½ of the S/E. ¼ of 6-58-9-W.4th M. has been cancelled in the records of the Department.

As it was shown, however, that you entered into an agreement to sell through ignorance, the Department has waived the forfeiture of your right to re-enter for a homestead and you are hereby given 90 days from this date within which to make a re-entry on the above described land on the ordinary terms.

If you re-enter for this land your new entry will be on the same footing as the previous one, that is to say, you may count the duties performed previous to the date of the new entry, and, as you have already made application for patent your application, will be considered as soon as you have completed your entry.

I am to inform you that if you wish to re-enter for an equal area of available land elsewhere you may do so on presenting this land as your authority.

Half-breed Scrip Claim of Alexandre (George) Boudreau

Some time ago I submitted to you reports from Mr. J. A. Bannerman on certain cases where parties holding entries at St. Paul de Metis have been induced by Messrs. Hopkins and Poitras to make an agreement to sell, contrary to law, prior to the issue of patent.

I submit the general file (#1869575) on which you will find the Minister's instructions of the 2nd of October.

In these cases the entry was cancelled, but the settler was allowed ninety days within which to re-enter for the same land on the ordinary terms, or he might take other land if he desired to do so.

Mr. Bannerman also took the evidence of the above mentioned homesteader, Boudreau, who evidently had made an agreement with Messrs Hopkins and Poitras in the same way.

I suppose the same decision will be applied in this case.

Respectfully submitted,

.....

With further reference to your letter of the 2nd September last, and Mr. Constantineau's previous letter of the 6th August preceding, I am to advise you that the standings of these lands are as follows.-

The N.½ of the N.E.¼ 31 is partly a patented homestead and the balance is under sale to the holder of the patented area.

See 31

The N.½ of L.S.9 is reserved for public grazing and the remainder appears to be under water with the exception of a very small fractional parcel in the N.E. corner of L.S. 10, which appears to be clear.

The N.E.¼ of section 31 is partly a patented homestead and the balance of the quarter-section is under sale to the owner of the patented parcel.

The N.E.¼ of L.S. 8 in the S.E. 32 is reserved for public grazing and the balance of the quarter-section is land with the exception of two small islands.

The S.E.¼ 32 is under homestead entry.

The E.½ 33 consists of lake.

See 32

The N.½ and S.E.¼ of L.S.14 appears to be clear, part of the E.½ of L.S.15 has been patented and the balance of this half legal subdivision is under sale to the owner of the patented parcel. The balance of these two legal subdivisions, 15 and 14, appears to be lake.

See 32

The fractional S.½ of L.S.10 is reserved for public grazing and the balance of this [illegible] subdivision and L.S. 11 are covered by lake.

The fractional L.S.32 is reserved for public grazing.

as .....

E. Archambault, Esq.,
Dom.Land. Surveyor, D.L.S.,

As you will see by the above descriptions, there is practically no land available and only a small parcel is reserved for public grazing purposes. In view of your representations, however, the question of the reservation for public grazing purposes is being referred for the consideration of the Controller of the Timber and Grazing Lands Branch of this Department and you will be further advised in this regard.

Dear Sir:- Re Pierre Charron, your file No.1869606.

In reply to your letter of the 23rd of March 1905 Mr. Charron objects to paying $4.00 or $5.00 for abstracts of lands and rightly so as he supplied the evidence of ownership to the Dominion Lands Office at Edmonton in respect of another fractional piece, which he purchased from the Crown and I submit that you are already in possession of this information.

Mr. Charron paid for this land some 5 years ago but owing to a continued succession of blunders he is still deprived of title. Please have Letters Patent issued without any more delay. Mr. Charron is the owner of this adjoining land for over sixteen years.

OTTAWA,

18th June, 1925.

Sir:

I beg to acknowledge the receipt of your letter of the 13th April last and the 16th ultimo, enclosing an abstract of title showing Mr. Pierre Charron to be the registered owner of the patented portions of the N.E. of Section 31, and the N.W. of Section 32, Township 57, Range 9, West of the 4th Meridian, this document having been filed here in connection with Mr. Lawrence Garneau's purchase of the accrued dried up area in legal subdivisions 15 and 16 of said Section 31 and the N.W. of legal subdivision 13 of said Section 32.

Although the document above mentioned was filed here in accordance with my letter of the 16th January last, it will be noted that the said letter dealt with yours of the 9th idem, wherein you requested title for the land in question to be issued in the name of Lawrence Garneau.

It will be necessary, therefore, as stated in my letter of the 22nd July last, and before the issue of letters patent for this land may be proceeded with in favour of Mr. Charron, that there be filed here an assignment executed by Mr. Garneau transferring his rights and interests in the said accrued land to Mr. Charron, together with the usual assignment fee of $3.00.

When these requirements have been complied with, the question of registering the assignment in the Department and the issue of letters patent will be immediately proceeded with.

Your obedient servant,

Gilbert ... Inc., Mgr.,
...t. Paul,
Alberta.

(H. ... Cote)
Controller.

Letter sent

Legal subdivision 8 and the N.E. of Legal subdivision 9 of Section 31, comprising a total area of 87.9 acres, shown on the sketch coloured in orange, which land was reserved for general grazing purposes. In view of Charron's representations that there is no more necessity for the reservation the Timber and Grazing Lands Branch procured an Inspector's report, the same to deal with the necessity of the reservation and the application to purchase the land in question.

This report on file 600752 T.&G. herewith, states:-

"In my opinion the reservation of these fractions is "no longer required for general grazing purposes as there is "much less stock in the vicinity. These lands being of poor "quality, very stoney with shallow clay loam and clay and "gumbo subsoil. Also subject to flooding for short periods "in wet seasons. Are not for agricultural purposes, nor for "homesteading under the stock clause of the regulations. "The lands are suitable for grazing or hay cutting purposes "in most parts. There would appear to be between 70 and "80 acres of the fractions now dry. Taking into consideration "the quality and val of these and other lands in the vicinity, "I would consider six $0/100 ($6.00) to be a fair price for these "fractions at this date. Mr. Charron is a bona fide farmer "and informs me that he owns all the patented fractions "of sections 31 and 32 in Tp.87-9-W. 4th. In my opinion these "lands should be sold to the applicant."

On the 5th ultimo, the reservation was withdrawn and the land made vacant and available.

The Topographical Surveys Branch reported by phone that Upper Therien Lake, which affects the land in question, is classified as permanent and subject to slight variations. The shore in the S.E. of Section 32 is steep and the water quite deep so that the actual shore line was shown on the township plan. The water in the S.E. of Section 31 is not so deep and as the shore is subject to slight variation, it is shown in aliquot parts. The sketch accompanying this memorandum is copied from the latest plan of survey of the township dated the 10th April, 1916.

Mr. Charron is very anxious to have an early decision in the matter in order to start fencing.

According to the practice of the Department sales of such lands are confined to an area of 80 acres or less to the owner or homesteader of land lying immediately adjacent.

Incidentally I may say that in November, 1915, the Honourable T.O. Leonard and Madam Virginie Charron were granted permission to purchase the accrued land in the S.E. of said Section 31 containing a net area of 73.62 acres

at... ..

at $10.00 an acre in connection with the patented portion of the quarter section, but a revaluation of the land was procured and in January last the purchase price was reduced to $6.00 an acre.

If a sale is authorized it will require to be subject to the applicant having filed here an assignment executed by Mr. Garneau transferring his rights and interests in the accrued land in Legal subdivisions 15 and 16 of Section 31 and the N.½ of Legal subdivision 13 of Section 32, (coloured green on the sketch), together with the usual fee of $3.00.

To the Deputy Minister,

Under the circumstances and in view of the fact that the applicant has filed an abstract of title showing he is the owner of the patented portions of the N.½ of N.E.¼ 31 and the N.½ L.S. 13 of 32, I beg to recommend that Mr. Charron be permitted to purchase the land applied for, coloured yellow on the sketch, containing 87.9 acres, without requiring him to file an assignment from Garneau to himself of the formerly submerged portions of the adjoining lands, at the rate of $6.50 an acre, being the valuation of Land Inspector Cunningham, who also recommends the said land be sold to Mr. Charron.

A telegram was recently received in this case urging an early decision as the applicant requires the land for his stock.

Memorandum:

Application of Pierre Charron to purchase certain portions of the N.½ of Section 31 and the N.½ of Section 32, Township 37, Range 9, West of the 4th Meridian. Shown on the sketch attached coloured orange and green.

I beg to submit for your consideration the application above referred to. The land is available according to the departmental records, and the applicant has had filed here an abstract of title dated the 15th ultimo, showing him to be the registered owner of that portion of the N.½ of the N.E.¼ of Section 31 and the N.W.¼ of Section 32, shown on the said sketch outlined in red.

In accordance with the decision as endorsed on the memorandum of the 28th October, 1920, marked on file 1869606 herewith, Lawrence Garneau was permitted to purchase the accrued dried up land in Legal Subdivisions 15 and 16 of Section 31 and in the N.½ of Legal Subdivision 13 of Section 32, comprising a total area of 38.90 acres, shown on the sketch coloured green, at the rate of $7.00 an acre, subject to filing evidence of ownership of the patented portions of the same quarter sections. This land was paid for in full. $313.85 principal and $41.55 interest, but the required evidence of ownership has not been filed. In making the final payment Mr. Gilbert La Rue, of St. Paul, Alberta, requested that title be issued in the name of Pierre Charron, the purchaser of the land from Lawrence Garneau.

By your letter of the 22nd July last, (file 1869606) Mr. La Rue was advised that before the issue of letters patent could be proceeded with, the Department required that evidence of Charron's ownership of the said patented portions be filed, together with an assignment executed by Garneau, transferring his rights and interest in the land to Charron, and the usual additional fee of $3.00.

Mr. Charron refused to comply with these requirements, but later filed the abstract of title as stated above showing the said patented land to stand in his name.

Mr. Charron applied to purchase Fractional Legal Subdivisions 4, 5 and 12 of Section 32; the N.W.¼, of

balance due of $15.00 referring to Mr. Charron as the purchaser of the land from Lawrence Carneau.

As I have already mentioned, in view of all these facts and of the interpretation which I put on your recommendation to the Deputy Minister, I considered that no further action in the matter was necessary and that patent should, in view of the Deputy Minister's approval of your recommendation, be issued to Mr. Charron.

However, in view of my apparent mis-interpretation of your recommendation, there would appear to be open to the Department one of the two following courses, and I would request you to kindly state which action, if either, you desire to have taken, other persons having enquired respecting the disposal of the land, Mr. La Rue in his letter of the 20th ultimo also having enquired as to what further action requires to be taken in order that letters patent might be issued to Mr. Charron.

It appears that Mr. Charron should either have filed here an assignment from Mr. Carneau to himself of the former's rights and interests in the said portion, coloured green, when the issue of letters patent to him therefor might be proceeded with, or that the sale to Mr. Carneau might be cancelled, the money ($67.85) paid by him to be forfeited to the Crown, the land then entered in our records as a sale in Mr. Charron's name, in which event, he would require to be advised that upon completion of the payment of the balance which would then be due, letters patent would be issued to him.

Mr. Colwell,

Mr. Charron should be asked to file here, as you suggest, an assignment in his favour from Carneau of the latter's rights and interests in the land in question.

Memorandum;

N.E.¼ of 31--57--9, W. 4th M.
N.½ ..

With reference to the sale of that portion of the quarter section above referred to, coloured green on the sketch marked on file 4610774, to Mr. Lawrence Garneau, I beg to say that in accordance with my recommendation as contained in my memorandum of the 16th July last, marked, letters patent were issued for the said portion, coloured green in favour of Mr. Pierre Charron, the same having subsequently been cancelled.

May I point out in this connection that I made such recommendation in view of the interpretation which I put on your recommendation to the Deputy Minister on the memorandum of the 26th June last, and, under the circumstances, it seems to me that such action on my part may be considered justifiable. In this connection I would call your attention to the fact that Mr. Garneau was permitted to purchase the land in question subject to his filing evidence of ownership of that portion of the said quarter section shown on the sketch outlined in red. Mr. Garneau failed to comply with this requirement and made payment only on account of the sale, of $87.85.

Mr. Charron had in the meantime made payment of the sum of $250.00 in connection with his desire to acquire the said portion coloured green, and in his letter of the 16th June Mr. Gilbert La Rue, on behalf of Mr. Charron, forwarded the balance.....

Sir:

With reference to your letter of the 20th August last, I beg to say that the question of the issue of letters patent covering the accrued dried up land in Fractional Legal Subdivisions 15 and 16 of Section 31 and in the N.½ of Legal Subdivision 13 of Section 32, Township 67, Range 9, west of the 4th Meridian, has been given very careful consideration by the Department and it has been decided that before title may be issued to Mr. Pierre Charron for the land in question he should have filed here an unconditional assignment executed by Mr. Lawrence Garneau transferring the latter's rights and interests in the said accrued land to Mr. Charron together with the usual assignment fee of $5.00.

I may add that this decision is in accordance with the terms as set forth in my letter of the 22nd July, 1924, and when the same has been complied with, the issue of letters patent will be proceeded with.

Madam:

With reference to your enquiries regarding the Fractional N.½ of Section 31 and the Fractional W.½ of Section 32, Township 57, Range 9, West of the 4th Meridian, I beg to say that these lands with the exception of the N.½ and S.E.¼ of Legal Subdivision 14 of said Section 32 are not available for either sale or entry having been otherwise disposed of.

The said N.½ and S.E.¼ of Legal Subdivision 14 which comprise an area of 160.4 acres appear to be vacant and available but the same can be sold only to the owner or homesteader of adjoining lands, as according to the practice of the Department no Dominion lands are at present available for purchase except in certain cases where small fractional areas of 80 acres or less may be disposed of to the homesteaders or owners of lands lying immediately alongside.

Memorandum:

Re Certain portion of the E.½ of Section [illegible] and the W.½ of Section 32, Township 57, Range 9, West of the 4th Meridian.
Time Sale 11271.

This land was sold to Pierre Charron and patented in his name in January last.

One, Thomas E. Poitras, wrote the Department stating that he had held the lands in question under grazing lease and having made certain improvements thereon applied to have the value of these improvements collected and paid to him.

According to the Timber and Grazing Lands file Mr. Poitras made application for a grazing lease which was cancelled and the money paid in connection therewith was refunded.

As the Inspector's report upon which the land was sold made no mention of improvements and as Mr. Poitras was not granted a lease he apparently placed the improvements on the land at his own risk. It would not appear, therefore, that any action towards collecting the value of the improvements should be taken at this date.

A supplementary report made in connection with Mr. Poitras' representations states:-

"House log shack 18 X20 $20.00
" pole & rod roof old logs. No roof on stable.
"Stable log 16 X16 $10.00
"Other buildings shack 12X14 $ 5.00 old logs
" Total value of improvements $35.00
"
"None of these buildings habitable at date of "this man's purchase. There was two other tumbled down "shacks of no value. I believe the above total "valuation of thirty-five dollars to be fair at date "this purchase."

Under the circumstances I beg to enquire what action you desire to have taken in the matter.

The Deputy Minister,

Recommend Mr. Poitras
be advised no action can be taken by
the Department to collect value of the buildings,
as not available at date of sale to Mr. Charron.

MEMORANDUM:

Ottawa, 26th June, 1926.

Mr. Cory.

Re - Certain portion of the E.½ of Sec. 31, and the W.½ of Sec. 32, Township 57, Range 9, West of the 4th Meridian. Patented Time Sale 11271.

Please see Mr. Caldwell's memorandum of the 19th instant and Mr. Cote's recommendation thereon, on File #1869606, herewith. You have asked for my views.

With regard to this case I beg to say it is unfortunate that letters patent were granted to Mr. Pierre Charron, notwithstanding there was information on file that certain improvements had been placed on the land and a claim registered for compensation therefor.

Inspector Cunningham's report of the 21st January, 1925, (File #603752 T&G.), does not reveal any improvements and notwithstanding he was instructed on the 13th October last to report the value of the improvements, also when and by whom the improvements were placed on the land. There is no information in his recent report to show who is responsible for the improvements, or by whom such improvements were made and the Agent's attention should be drawn to the Inspector's omission in the case, with a request that in future more care will be exercised to see that the instructions from Head Office are complied with.

Mr. Thomas E. Poitras, who is reported to be the applicant for refund, did not at any time hold any interest in the lands, it being shown that his application for the grazing privileges was cancelled and monies paid in connection therewith refunded, and whether or not he was responsible for the improvements, he has no claim which need be recognized by the Department.

Letters patent having been granted, I do not see that any action can now be taken by the Department with a view to collection of the Inspector's valuation of the improvements.

Commissioner.

Sir,

I am attaching hereto evidence given by George Boudreau regarding certain transactions which took place between himself and Mr M.W. Hopkins, towards the sale of his land to the said Hopkins, prior to obtaining Patent therefor. This case was not covered by Ordered Council, but Mr Boudreau came to me, and asked that he be given a chance to explain matters to me on oath, regarding his land. I took this evidence from him, and hope that same will meet with the approval of the Department.

I may state that this case adds another nail to the list already driven in, regarding the transactions of Homesteaders located on the St. Paul des Metis reserve, and the evidence goes to show that the homesteader Boudreau has been handled in the same manner as all of them.

Department of the Interior,

DOMINION LANDS AND CROWN TIMBER OFFICE,

C. Edmonton, Alta., November 30, 1911.

Copy for E.C., ref. 1869676 - 1869608 - 1869609.

Sir,

I am directed to inform you that in view of the fact that it has been discovered that you have been trafficking in your land prior to obtaining patent, your entry for the S.W. ¼ of 10-58-10 W. 4th, has been cancelled in the records of the Department.

As it was shown however, that you entered into an agreement to sell through ignorance, the Department has waived the forfeiture of your right to re-enter for a homestead, and you are hereby given 90 days from this date, within which to make re-entry on the above described land on the ordinary terms.

If you re-enter for this land your new entry will be on the same footing as the previous one, that is to say, you may count the duties performed previous to the date of the new entry and you will not have to wait three years before applying for patent.

If you wish to re-enter for some other available land, you may do so on presenting this letter as your Authority. Kindly appear before the Sub Agent, or at this office, without delay, and state your intentions.

Your obedient servant,

Dieudonne (Geo.) Boudreau, Esq.,
St. Paul des Metis,

W.W. Cory, Esq.,
Deputy Minister,
Ottawa.

Sir,

I take the liberty of writing you with regard to a land, the S.W. 1/4 of Section 10 - 58 - 10, W. 4th M., about I am having trouble with the Land Office at Edmonton.

The facts are the following:-

The Land Agent at St. Paul des Métis, Mr. J. Brady, told me himself, on the 18th of December last, that I was entitled to this land, as well as any one else, as it was on the market. I cannot understand how it is that the Edmonton Land office has refused to give me this 1/4, as I was very willing to pay for the improvements on it. The man D. Boudreau has no right to it , having never done any residence nor improvements. It is claimed that this Half-breed has received a certain amount of money for on this land without any right, and he should lose all homestead right, according to the homestead law. I would ask you to give me justice, and at the same time furnish me with some explanation regarding the same, as I have already spent quite an amount to obtain it, thinking I had a full right. If not, it is no use having laws regarding homesteads, and it would be better to let the settlers in the hands of speculators in connection with the settlers lands.

lands.

You could easily find out that there has already been one speculator, - Mr. W. Hopkins, D.L.S.,- who has tried to lay hands on all the Half-breeds' lands by fraud, at St. Paul des Métis. There was an investigation made on the subject by your Department itself, and we hope that this will have good results, giving satisfaction to the settlers who make sacrifices of all kinds for the purpose of establishing themselves the best they can, and who, very often, meet great difficulties caused by the speculators in many of the cases. These speculators use influence with the employees of the Land offices, and even with the Minister himself, as this has often been the case with Mr. Oliver, when Minister; but we hope that the new Minister, Mr. Rogers, will give full justice in this respect.

I should be very much obliged for a reply as soon as possible, as I am not rich enough to wait for a long time before going on a land.

Yours very truly,

(Sgd.) Julien Lefebvre,
St. Albert, Alta.

W.W. Cory, Esq.,
Deputy Minister of the Interior,

Dear Sir,

We are receiving lots of complaints in regard to homesteads. It is sure that there have been many frauds perpetrated under the ex-government by the late Minister Mr. Oliver in the district of St. Paul des Métis. I and all the citizens would like very much that light be made on the subject. It cannot be understood that a Land Agent as Mr. Brady, who has always been a competent man, should say one way, whilst they are saying another way at Edmonton, especially for the land of the Half-breeds at St. Paul. There is certainly fraud somewhere. For instance, the case of Mr. J. Lefebvre, S.W. 1/4 of Section 10, Tp. 58, Range 10, W. 4th. I would request, in my quality of Land guide, to have this matter looked into with as little delay as possible, as this question is causing trouble, and will certainly discredit your party, if we are not better treated in future.

Thanking you,

(Sgd.) Ernest Cloutier,
Land Guide.

Copy to J.P.L., Edmonton, Alta.

Your Sir,

Referring to your letter of the 16th ultimo, in which you ask for an investigation in connection with the South West quarter of section 10, township 53, range 10, West of the 4th Meridian, I may say that when the claims of squatters within the old St. Paul des Metis Reserve were adjusted it was found that a number of squatters were in possession of School Sections. It was not possible for the Department, under the law, to confirm such occupation because School Lands must be sold at public auction and in no other way. Mr. Dieudonne (George) Boudreau was found to be in occupation of School Land in this way, and, in accordance with a general arrangement which was made at the time, he was notified that he would have to vacate the land in question before the 15th March, 1914, but that in the meantime he would be permitted to make a homestead entry elsewhere, the duties performed on the School Land being credited to him in connection with his new homestead. Mr. Boudreau exercised his right of entry under this arrangement and he acquired the South West Quarter of section 11, township 53, range 10, West of the 4th Meridian, above referred to. It is true that his entry for this land was cancelled at one time because he had bargained, in ignorance of the law, to sell the same thinking that he had a right to do so, but the Department agreed afterwards to reinstate him in his entry and the land now stands in his name.

Yours truly,

Ernest Clautier, Esq.,
St. Paul des Metis,
Alta.

Deputy Minister.

DO SOLEMNLY DECLARE that I have known the said Pierre Desjarlais for over (30) thirty years, and that he left the Indian Treaty in the year 1885 and squatted on a homestead at St Paul des Metis, Alberta, in the year 1896; before the 12 Townships comprising the Half Breed Reserve were granted to the Roman Catholic Church as a half breed Reserve, and that he has resided there ever since the time he squatted there.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act 1893."

Claim of Pierre Desjarlais (Cheasse)
to the S.W. 5 . 58 . 1

1869615

I, Pierre Desjarlais, of St Paul des Metis in the Province of Alberta, farmer, make oath and say:

I am a halfbreed: the son of Michel Desjarlais and Lizette Descottaux. I am about seventy years of age. I am married to Suzette Marion, living. I have seven children living. I got scrip at Battleford in 1885.

I am claiming one mile square as a squatter before survey, viz, section five township fifty eight range nine West of the 4th. I went into occupation of this land twenty two years ago. The next summer I built a log house on the land and went into residence. That summer I broke eight acres of land. I lived on the land every year until the mission came here. The mission came here about thirteen years ago. The township was surveyed the same year. I did not make my claim before the surveyor because Father Lacombe told me that the four townships were reserved for the halfbreeds. I have lived on the land since the mission came, and I am living there now. I built the house I lived in [illegible]

worth thirty dollars: log house 12x12 with two rooms: fencing, one mile and a half, worth forty dollars.

I have twenty five acres broken. I had the twenty five acres broken by 1890. I cropped about half of this each year since then, from then until now. I have a crop in this year.

I own [illegible] of cattle and seven horses.

I remained on the land with the consent of the missions. Now that it is possible that the reserve might be dealt with, it is necessary for me to make my claim. I never had a homestead

L. L. Cochrane C. L. S. and L. Poitras both of St Paul des

could look away if we did not sell because I am too poor

it should be worth 1000 or more anyway, (meaning them

Occupation. Farmer.
do solemnly swear that I was in the front door One after-
noon when Rev. J. A. Tourison St Paul des Cris drove up
& said you can sell your land now as there are some men
who want to buy lands so you had better sell you poor
people who can't, as there is lots of white people
coming in the place now & they might beat you out of your
places, although I did not want to sell because I did not
have my patent. Oh, he says that's all right whoever buys
it, will do the improvements for you so you can get the
J.B. patent. I suppose they might give you $4 dollars per
acre so saying we'll be rich dreyy away. The same
evening about dusk Mr. A. T. Cuthing & Mr T. Poitras drove
up to the house & entered sitting over to the table put
J.B. some papers on it, said we have come to see if you would
sell your place, what do you want for it. I dont know I said
perhaps $10 per acre that is with fencing said. Rev J.A.
Tourison said we could get it for $6 per acre so that he
said this I thought I would let him have it for $6 per
acre, so said he would do all the improvements, then he
went to the table & wrote to split, then he said here and

Pittore Berard sworn :- Mr.J.A.Bannerman questioning :-

Q. Mrs. Marguerite Berard is your mother?

A. Yes.

Q. Do you live with her ?

A. Part of the time.

Q. Do you know anything about this transaction between Mr. Hopkins and your mother ?

A. Well some of it. One day along towards the Fall of 1909 I was mowing hay, I seen a rig drive away from my Mother's and I knew it was the Priest then I kept on working, In the evening I went home, and my Mother told me that the Father went there and told her she could sell this land and it would be all right. My Mother told me after I got home and then I believe that he told her that the buyers would be there, and in the evening so they did, they drove up to the house at my Mothers, it was Hopkins and Elezeer Poitras and they said we went to make a deal with your mother about her land so they got at the table and started to do some writing and he asked her what this land was worth, Of course she did not know and I spoke up, and said it ought to be worth about $ 10.00 per acre, then they said that Father Therien told them that he thought they could get it for $1.00 per acre. Well then I did not say any more and I told my Mother to do what she liked. Then they said they would give her $5.00 per acre and then went to the bank and Poitras was writing when the old Hopkins told that Poitras would do too breaking, and Poitras said he could not do it this fall it was too late.

Q. and they gave her the papers to put her mark on ?

A. Yes.

Q. Then they left ?

A. Yes. Got her to sign the papers and gave her a cheque for $ 487.00.

File No. 153.

Winnipeg

Inspecting Dominion Land Agent

Red Deer

2nd June, 1911.

Sir,

In compliance with the request contained in your letter of the 20th March last H.O. File No. 1309000 regarding making an investigation as to the performance of Homestead duties performed by Mrs Marguerite Bernard, widow of Eustache Bernard, upon the S.W. 1/4 of 17-55-9 West 4th. which was allotted to the late Eustache Bernard within the limits of the St. Paul des Metis reserve, subject to the usual homestead duties. I beg to say that I held an investigation on the 16th ult., at St. Paul des Metis, and examined the lady in question, and found that her duties were being performed at least as fully as possible regarding the cultivation, but I may state that in the course of the examination, I found that the Homesteader had been trafficking her land prior to obtaining her Patent. This I find the evidence will show. While I have no doubt the transaction was carried out through innocence on the part of the Homesteader, and through pressure brought to bear on her by her spiritual advisers, still I consider it is a case well worth looking into. When you consider there is conflicting evidence from her own Brother, who is of similar means, it leaves [illegible] statement as to the case, such may be the [illegible] evidence will, The Department,

Yours

O. T. A. A.

although I think her evidence is truthful, but no doubt if Messrs Hopkins and Poitras were summoned into court, they would refute the evidence given by Mrs Bernard and her son, and XXXXXXXXX deny that any such transaction ever took place between them and Mrs Bernard. I may say that Mrs Bernard had no papers of any description to substantiate her statements. I informed the homesteader that I could not give her any decision as to the outcome of her case with Head Office, and I would recommend that Messrs Hopkins and Poitras be prosecuted, if possible, and as I stated previously, I consider that the ignorance of Mrs Bernard, being a Half-Breed, was worked upon to bring the deal in question to a close.

I am, Sir,

Your obedient servant,

[signature]

Assistant Inspector D.L. Land Agencies.

LAND REGISTRY

JAN 24 1941

Dear Sir;

A Certificate of Title No. 56F126 was issued by the Land Titles Office, Calgary, on the 8th January, 1941 in the name of Victor Quelch over the NW¼ of 33-31-19-W4. This completed an Agreement for Sale dated 16th April 1926 when Victor Quelch purchased this land from George Wilson Toliver.

There appears on the new title the following lien:

"Seed Grain Lien, G.W.Foliver to Crown $117.30 Int.5 PC 2.31 PM. 27th Dec.1916...7641B.O."

An Abstract dated 11th December, 1931 showed the title clear except for a caveat filed by Mr. Quelch to protect his interest in the Agreement for Sale. The Registrar of the Land Titles Office, Calgary, replying to our enquiry as to why such a lien now appears against the title say in part:

"I would inform you that this Seed Grain Lien was originally registered against the SE¼ of 12-33-20-4 which stands in the name of George Wilson Toliver and was attached to NW¼.33-31-19-4 when this quarter section was transferred from George Wilson Toliver to Victor Quelch on 8th January 1941"

Mr. Toliver advises he never put a lien on the NW. 33 and that the lien placed on SE.12 for $117.30 was discharged on 22nd July 1916 as advised by the Land Titles Office to him under date of 8th August 1916. Was this

same lien registered again on the 27th December, 1916.?

Mr. Toliver thinks the lien was fully discharged on the 22nd July 1916 and it is suggested that in all fairness to Mr. Guelch and to Mr. Toliver that the lien now appearing against the NW.33-31-19-4 should be discharged.

We are acting as Escrow Agents and will be interested in your reply.

Yours truly,

Manager.

Sir,-

S.E. ¼ of Sec. 35 Tp. [illegible] R. [illegible] West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1908, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead. Presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

COMMISSIONER
NOV 29
DOMINION LANDS

Dear Mr. Mitchell:

In the absence of the Minister I am acknowledging your letter of the 30th ultimo, in which you request that you be permitted to obtain title for your Soldier Grant, the North west quarter of Section 29, Township 25, Range 2, West of the 5th Meridian, without removing your house from the adjoining quarter on which it was erected in error.

In similar cases in the past it has been the practice to insist upon three months' additional residence after the house has been moved to the proper land and the Department has already granted you a concession in that these residence requirements have been waived.

As the Dominion Lands Act specifically requires that a habitable house be erected on the land before the issue of Letters Patent therefor it is regretted that the Department is not in a position to meet your wishes in this case.

It is noted from your letter that you have purchased land in the vicinity on which you have erected a house. If this land is within nine miles of the above quarter and you are prepared to perform residence thereon for the purpose of earning patent

for your . . . .

for your Soldier Grant, as outlined on Pages 21 and 22, of the attached Hand-book, there will, of course, be no necessity for you to remove the house.

You might advise the Department as to your intentions in this respect.

Yours very truly,

Deputy Minister.

S.E. ¼ of Sec. 5 Tp. 35 Rge. 18 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Sir,-

N.E. ¼ of Sec. 13 Tp. 57 Rge. 9 West 5th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Sir,

S.E. ¼ of Sec. 1 Tp. 59 Rge. 7 West 5th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Dear Sir,

I have your letter of the 14th of October, 1955, and we have made a further search of our records, the results of which are briefly as follows.

1. Entry for the NW 30-55-7 WSM was made by Mr. H. W. Jolly.

2. Entry for the NE 27-55-8 WSM was made by yourself but was transferred to the NE 30-55-7 WSM.

3. Entry for the NW 27-55-8 WSM was made by yourself but this was transferred to the SW 31-55-7 WSM.

4. At your personal request, Letters Patent were issued in the name of the Soldier Settlement Board for the parcels listed in 2 and 3 above.

5. The files upon which will be found your entries for the NE and NW 27-55-8 WSM are with the Director of Lands, Department of Lands and Forests, Edmonton, Alberta, from whom any information in this regard would have to be obtained.

6. As regards your query why certain files have been transferred to the Province, this was in accordance with the Natural Resources Agreement of 1930, whereby the control and administration of certain areas were transferred to the provincial authorities.

Steps are being taken to refund the amount of $5.00 submitted with your letter of the 21st of September as there is no charge for this service.

Yours very truly,
